Alexander Kuska K.S.G. Catholic School Mission Statement

As a community of faith, the mission of Alexander Kuska Catholic Elementary School is to work in partnership with the home and the parish to provide a Christ-centered learning environment which allows students to grow spiritually, to strive for academic excellence and to become responsible citizens with a love of learning.

Prayer for June

Lord, thank You for another wonderful year! Thank You for all the laughs, great memories, growing friendships, and of course all of the learning that has taken place this year. We ask that You keep us all safe over our summer vacation, and bring us back to school rested and ready for a new year in September. In Jesus' name we pray, Amen.

@kuskaknights

When Jesus says "Come, follow me," He's doing more than just asking us to walk with Him. He is asking us to become a part of something bigger. Imagine you're invited to join an adventure where you learn new things and grow in ways you never thought possible. Following Jesus means we get to learn from Him how to be more loving, forgiving, and courageous. It's like being part of a great story where each of us has a special role. As we follow Jesus, we discover our own strengths and talents and find joy in helping others. So, when we hear His invitation, it's a chance to embark on an exciting journey of faith and make a real difference in the world!

~~~ Niagara Catholic District School Board Mission Statement ~~~

We are a Christ-centered Catholic community that celebrates diversity and fosters spiritual growth, inspiring all to reach their full potential in mind, body and spirit.

BITTERSWEET GOODBYES

Mrs. Wood will be moving on to a new school community in September. She will be the new Vice Principal of St. Anthony Catholic Elementary School.

Mrs. Wood has been an integral part of the Alexander Kuska community, bringing compassion, thoughtfulness, and steady leadership to every situation. Her kind and caring approach has left a lasting impact on students, staff, and families alike. Whether navigating challenges or celebrating successes, Mrs. Wood has always led with empathy and grace.

While we are incredibly sad to see her go, we know she will bring the same heart and excellence to her new school. We thank Mrs. Wood for her years of service and commitment to Alexander Kuska—we will miss her deeply and wish her all the very best.

We hope you will join us in wishing a very happy retirement to Mrs. Fabiano! She has been teaching for 27 years, with 26 of those years being right here at Alexander Kuska. She has been an integral member of the Kuska family, and leaves a remarkable legacy here at Kuska and in the lives of all of her students. We are very sad to see her go and will miss her greatly, but are excited for her as she begins this new chapter. Congratulations Mrs. Fabiano!

Mrs. Mullins will be moving to St. Kevin Catholic Elementary School in September. She has been teaching here at Alexander Kuska for 15 years, and has left an incredible mark during that time. Her infectious smile, love for her students, and ability to bring people together have made her an invaluable member of the Kuska family. We will certainly miss her, and know that St. Kevin has gained a wonderful teacher! We wish you all the best at your new school Mrs. Mullins!

Mrs. Bartok has been the music teacher here at Alexander Kuska for a total of 10 years (the last 7 consecutively) and will be moving on to a new group of schools the fall. She has brought much joy and passion during her time here and has worked hard to create special moments for our students, including the annual musical performances and Christmas choirs. We will miss her bright smile and joyful presence! Thank you for all you have done here at Kuska Mrs. Bartok! Your new schools are lucky to have you.

Looking ahead

2025/2026 Class Placements

Our staff have been meeting to discuss and create student groupings for next year. Students will be placed with others with whom they will be most successful. A great deal of time and effort is spent determining the composition of classes. When organizing class groupings, attention and diligence is required by the classroom teachers, resource teacher, vice principal, and principal. A variety of factors are seriously considered when establishing classes. Creating a successful learning environment for all students is a goal we aim to achieve. Some of the criteria considered include: abilities, individual needs, behaviour, work habits, age, learning styles, class size, and gender balance.

Please note that requests for specific classroom teachers will not be considered.

HOW CAN PARENTS HELP? Talk positively to your child about next year. If your child is with a different group of students, please discuss relationship building and new friendships.

Dates to Remember

- **P.A. Day** - There will be no school for students on Friday, June 6
- **Last Day of School** - The last day of the school year is Friday, June 27!

Back to School

- The school will be closed from July 1 to August 22. The main office will reopen the week of August 25.
- Class assignments for next year will be available on the Parent Portal on August 28.
- School will resume on Tuesday, September 2.

Things that Bite!

Ticks, mosquitos, and rabid animals can be a greater risk as the weather warms up.

- Mosquitoes transmit the [West Nile virus](#) to humans after becoming infected by feeding on the blood of infected birds, which carry the virus. To learn how to protect your family, visit [Reduce the Risk of West Nile Virus - Niagara Region](#).
- The blacklegged (deer) tick can transmit [Lyme disease and other tickborne diseases](#) to humans after becoming infected by feeding on the blood of small animals which carry the disease. To learn how to protect you and your pets, visit [Protect and Prevent Ticks - Niagara Region](#).
- [Rabies](#) is transmitted through saliva from bites and scratches, entering an open cut or wound, or from saliva contacting a mucous membrane, such as those in the mouth, nasal cavity, or eyes. To [reduce the risk of rabies](#), it's best to avoid contact with wild animals such as raccoons, skunks, and bats.

For more information and free tick identification, individuals can visit [e-tick](#). General tick information can be found on our [Niagara Region Public Health website](#) or by contacting a Duty Officer directly at 905-688-8248 ext. 7590.

Head safety – for bikes and other wheels

With warmer weather and summer break just around the corner, more kids will be outdoors taking part in activities, such as biking, skate boarding or roller blading. A [properly fitted and correct helmet](#) can cut the risk of a serious head injury by up to 85%. This means four out of five brain injuries could be prevented if every cyclist wore a helmet.

- Bike [helmets](#) should be replaced after five years **or** a crash where the cyclist has hit their head
- It's not safe to use a [second-hand helmet](#)
- Baseball hats, big hair clips and headphones should never be worn under a helmet

The human skull is just approximately one centimeter thick, so it is important to remind children to always protect their head when being active. To make sure a helmet fits right, follow the 2V1 Rule (image courtesy of [Parachute Canada](#))

Make Immunizations Part of Your Summer Checklist!

As you prepare for the new school year this summer, remember to check if your child's immunizations are up-to-date. If you are unsure, talk to your health care provider or [contact the vaccine team](#) at Public Health. Staying up to date with routine vaccinations helps protect your child from preventable diseases.

If your child needs to get caught up on vaccines, you can:

- Make an appointment with your health care providers
- Visit a walk-in clinic (call ahead to confirm vaccine availability)
- Check availability of Public Health vaccination clinics. Call 905-688-8248, extension 7425 (Monday to Friday, 8:30 a.m. to 4:15 p.m.)

Don't forget to report your child's vaccines to Public Health!

Every time your child receives a vaccine, it must be reported to Public Health. Doctors, child care facilities, and schools don't do this for you.

The fastest and most convenient way to report vaccines (except COVID-19 and flu shots) or request records is through [Immunization Connect \(ICON\)](#), a secure online system for tracking and reporting immunizations.

For more information on vaccines needed for school, visit: [Baby, Children and Youth Vaccinations](#)

Bike to School Week 2025

Walking or biking to school is a great way to help kids stay active, healthy, and focused throughout the day and get them out in their communities! Regular physical activity boosts mood, improves fitness, and supports learning by helping kids concentrate better in class. It also helps create safer, less congested school zones by reducing traffic and pollution.

From **June 2–6**, families across Ontario are encouraged to participate in **Bike to School Week**! Invite your child to ride with friends or family, and join in creating a healthier, happier community. To learn more, visit the [Bike to School Week](#) webpage and see how your school can get involved!
