Important Update: Transportation Information Access Now Tied to Verified School Contacts

NSTS is launching an updated **NSTS Parent Portal** system to improve security, accuracy, and ease of use for families accessing student transportation information for the **2025-26 school year**. These changes directly affect how families access student transportation information and have a few key implications for school staff. Please review the details below.

What's Changing?

Beginning **June 18, 2025**, the NSTS Parent Portal will:

- **Automatically match students to accounts** using the **email addresses listed in the school's Student Information System (SIS). Contact 1 and Contact 2 Only.**
 - **No longer require or accept manual student entry** by parents on the NSTS Portal.
- Only display transportation information** to NSTS portal accounts where the email used is an exact match to a contact in the student's school record.

Why the Change?

This update improves:

-  **Security** – Only verified parent/guardian contacts can access sensitive transportation info

Real-time access – Information is automatically refreshed every time a user logs in

What Families Need to Do

Parents/guardians must:

1. Log in or create a NSTS Parent Portal account using the **email address on file with the school**
 2. Verify their email if they are a new user
- Ensure all students they expect to see appear in the account

What Families Can Still Access Without a Portal Account

- Friends, caregivers, or other non-contacts can receive **bus delay notifications** via the free **BusPlanner Delays App**—no portal account or school-linked email required.
- Available on either Google Play or Apple App Store
