PUPIL ACCOMMODATION REVIEW FOR NIAGARA FALLS ELEMENTARY, ST. CATHARINES ELEMENTARY AND ST. CATHARINES SECONDARY

BACKGROUND INFORMATION

In October 2007, November 2007 and January 2008, the Niagara Catholic District School Board approved the following three motions to conduct Pupil Accommodation Reviews in Niagara Falls and St. Catharines:

Niagara Falls Elementary, October 23rd, 2007

THAT an Accommodation Review Committee (ARC) for the group of Niagara Falls elementary schools consisting of Father Hennepin Catholic Elementary School, Our Lady of Mount Carmel Catholic Elementary School, St. Joseph Catholic Elementary School, St. Mary Catholic Elementary School, St. Patrick Catholic Elementary School and St. Thomas More Catholic Elementary School be appointed to conduct an accommodation review in compliance with the Ministry of Education Pupil Accommodation Review Guidelines and the Niagara Catholic District School Board School Valuation Framework.

THAT regardless of the results of the Accommodation Review Committee process and the Ad Hoc Committee – Niagara Falls Boundaries recommendations, revised elementary and secondary attendance boundaries for Niagara Falls take effect no earlier than the 2009-2010 school year.

St. Catharines Elementary, November 27th, 2007

THAT the Niagara Catholic District School Board approve that an Accommodation Review Committee (ARC) for the group of St. Catharines schools consisting of St. Alfred Catholic Elementary School, St. Denis Catholic Elementary School, St. James Catholic Elementary School, Michael J. Brennan Catholic Elementary School, St. Nicholas Catholic Elementary School and Our Lady of Fatima Catholic Elementary School be appointed to conduct an accommodation review in compliance with the Ministry of Education's Pupil Accommodation Review Guidelines and the Niagara Catholic District School Board's School Valuation Framework.

St. Catharines Secondary, January 29th, 2008

THAT the Niagara Catholic District School Board approve that an Accommodation Review Committee (ARC) for the St. Catharines secondary schools, consisting of St. Francis Catholic Secondary School, Holy Cross Catholic Secondary School and Denis Morris Catholic High School, be appointed to conduct an accommodation review in compliance with the Ministry of Education's Pupil Accommodation Review Guidelines and the Niagara Catholic District School Board's School Valuation Framework.

Accommodation Review Committee Reports

In compliance with the Board motions, the Niagara Falls Elementary, St.Catharines Elementary and the St. Catharines Secondary Accommodation Review Committees (ARC) were established and began the process as outlined in Ministry of Education *Pupil Accommodation Review Guidelines* and the Niagara Catholic District School Board Policy 701.2 – *Closure of Schools / Accommodation Review Policy*.

The mandate of the Accommodation Review Committees was to assess and study each of the identified schools involved on the basis of the school's value to students, the school board, the community and the local economy according to specific criteria that are equally applied to all schools involved in the accommodation review. A Generic School Valuation Template was customized for each of the three ARCs and designed to weigh the value of the schools to students above the other factors assessed. The committees used the information gathered through the valuation template as part of their review.

The ARC's also considered the following in their deliberations;

- a) Enrolment and demographics key to overall operating and capital funding
- b) Growth areas overshadowed by declining enrolment / surplus space
- c) Maintain the schools and to continue to monitor them
- d) Reorganize the schools, their programs or their grade structures
- e) Major program relocation with respect to one or more of the schools
- f) New school construction or additions to existing schools
- g) Use of portables
- h) Change boundaries of the schools
- i) Consolidation or closure of school(s)
- j) Others as determined by the ARC

In addition to the ARC Working Committee meetings, the three Accommodation Review Committees held the required four Public Meetings for Niagara Falls Elementary, St. Catharines Elementary and St. Catharines Secondary. The public meetings provided the committees a forum to share information and seek input from the community in preparation for the recommendations.

1st ARC Public Meeting

• At the first public meeting, each of the ARCs described its mandate, outlined the pupil accommodation review, and gave the public a briefing on the data and issues to be addressed. The ARCs also described how the Generic School Valuation Framework had been customized. The ARCs received community input.

2nd ARC Public Meeting

• At the second public meeting, each of the ARCs presented the draft school-specific, valuation report under the customized School Valuation Framework for the schools under consideration to the public and received community input.

...3

3rd ARC Public Meeting

• At the third public meeting, each of the ARCs received community input on the accommodation options to be considered and received community input.

4th ARC Public Meeting

 At the fourth public meeting, each of the ARCs presented the draft School Valuation Report to the public and received community input. The ARCs made changes to the reports based on feedback at the meeting.

For each of the three Accommodation Review Committees, all Working Committee and Public Consultation meetings were electronically recorded for accuracy within the minutes. All approved minutes and Power Point presentations used during the Public Consultation meetings were promptly posted on the Niagara Catholic District School Board's website under Accommodation Review. This transparent and open process followed throughout the ARC process was positively commented on by members of the Accommodation Review Committee, schools, community members and media.

The targeted outcome for each ARC was a final School Valuation Report to the Director of Education by September 2008. The report would provide recommendations on a range of accommodation options for efficient, long term solutions to continue to provide excellence in Catholic education for our students, parents and the communities. As required, the School Valuation Report would address:

- a) the implications for the program for students both in the school(s) under consideration for consolidation, closure or program relocation and in the school(s) where programs may be affected
- b) the effects of consolidation, closure or program relocation on the following:
 - i) attendance area defined for the schools
 - ii) attendance at other schools
 - iii) the need and extent of busing
- c) the financial effects of consolidating or not consolidating school(s), including any capital implications
- d) revenue implications as a result of the consolidation, closure or program relocation
- e) savings expected to be achieved as a result of the consolidation, closure or program relocation
 - i) school operations (heating, lighting, cleaning, routine maintenance)
 - ii) expenditures to address school renewal issues which will no longer be required

- f) additional expenditures, if any, at schools which will accommodate students displaced as a result of a consolidation, closure or program relocation decision taken by the board
 - i) School operations (heating, lighting, cleaning, routine maintenance)
 - ii) School administration
 - iii) School renewal
 - iv) Transportation
 - v) Net savings / costs associated with teaching staff, paraprofessionals, student transportation
 - vi) Possible alternative use or disposition of an empty building

With the submission of the School Valuation Reports, the three Accommodation Review Committees complied with the guidelines and procedures as outlined by the Ministry of Education and the Board's Policy and Guidelines.

Senior Staff extends to all members of the three Accommodation Review Committees a sincere appreciation for their active participation, commitment, and collaboration throughout the school valuation process and the final committee report.

Recommendation

Given full consideration of the ARC recommendations and the subsequent review and research by Senior Staff, we are recommending to the Niagara Catholic District School Board for its consideration, the following recommendations. In compliance with Niagara Catholic Board Policy 701.2 – *Closure of Schools / Accommodation Review*, Section 3.1, Senior Staff recommendations to the Board will be one or more of the following;

- To maintain the schools and to continue to monitor them;
- To reorganize the schools, their programs or their grade structures;
- To change the boundaries of the schools;
- To consolidate and/or close one or more of the schools.

Senior Staff's recommendations are generally in agreement with the Accommodation Review Committee recommendations. In some cases however, there are modifications to the recommended timelines based on our additional review and discussions with community members and Ministry of Education staff regarding potential additional capital funding for facility renewal and new pupil places.

While each ARC report and its accompanying Resource Information Package provides the Board with the rationale, supplemental information and data to support the recommendations, Senior Staff agrees with the following general common benefits and challenges provided within each of the ARC's reports and final recommendations:

Benefits

- maximizes program opportunities and resources for students by reducing future requirements for multiple combined grades due to declining enrolment
- sufficient current enrolment to maintain viable programs and services
- addresses facility maintenance and renovation challenges for aging buildings and property
- addresses short and long term shifts in population migration and demographics
- maximizes available space at neighbouring schools while reducing overall surplus space
- maximizes close proximity to neighbouring Niagara Catholic schools which can accommodate student population with no or limited renovations required
- maximize operating funds for schools
- maximize limited facility renewal funds
- potential disposition of property
- potential use of property and/or facility for Board use

Challenges

- elimination of neighbourhood or community hub Catholic school
- elimination of neighbouring Parish school
- potential division of consolidated school communities within more than one school
- larger boundary catchment area for a school
- required Ministry of Education funding for additions, renovations and program enhancements
- potential increase in busing expenditures due to increased ridership
- surplus space in nearby Catholic schools resulting in students remaining in portable classrooms
- potential multiple attendance boundary revisions to larger portion of schools within a city

Conclusion

We recognize that the projected trend of continued declining enrolment in our elementary and secondary schools, not only in Niagara Catholic, but throughout the Province of Ontario over the next fifteen to twenty years, presents challenges for all partners in Catholic education.

In arriving at our recommendations to the Board, we have taken into consideration;

- the multiple variables causing increased surplus space;
- the limited facility renewal, new pupil places and capital funds;
- the shifting demographics from neighbourhood schools;
- the increased potential of multiple combined grades;
- the importance of continuing to provide excellence in Catholic education; and
- the importance of being fiscally responsible and addressing long term accommodation needs in all schools in Niagara Catholic.

Above all, we recognize that we are affecting the lives of our students and their families as we address the challenges associated with declining enrolment and neighbourhood population shifts.

We provide this Staff Report to the Committee of the Whole and the Board for consideration and public input through the scheduled Special Board Meetings in February 2009.

A copy of this Staff Report and accompanying Appendices will be placed on the Board's website under Public Accommodation Review. Copies of this Staff Report, once received by the Board will also be sent to all members of the three Accommodation Review Committees in preparation for the Special Board Meetings in February 2009.

STUDENT SUPPORT SERVICES "SHARING PROMISING PRACTICES" A RESOURCE GUIDE: KINDERGARTEN TO GRADE 4

BACKGROUND INFORMATION

Student Support Services is pleased to present the resource guide "Sharing Promising Practices" A Resource Guide: Kindergarten to Grade 4 which has resulted form the Ontario Psychological Association OPA Student Assessment Project.

The purpose of the resource guide is to provide to Ontario School boards the lesson learned from the OPA projects, to complement current Ministry of Education curricular documents and resources, and to provide specific strategies to enhance the connection between assessment and classroom teaching strategies for students with diverse strengths and learning needs.

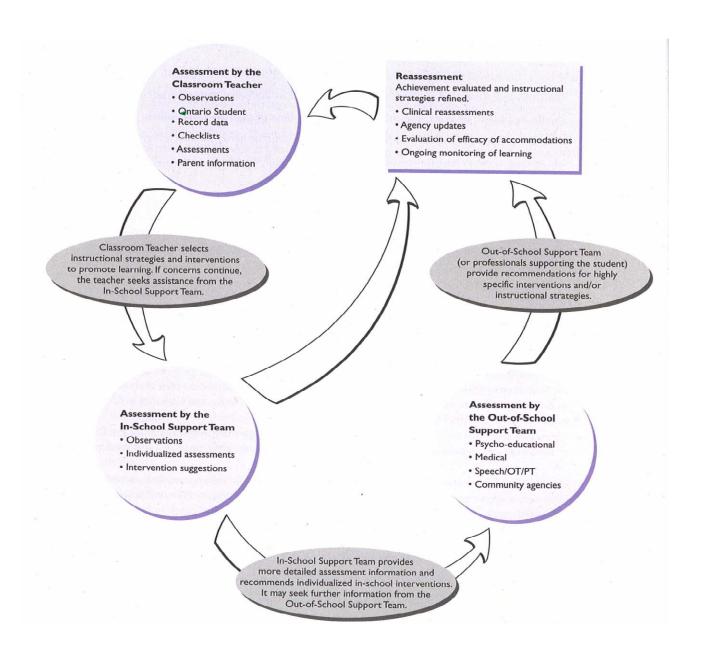

Some of the key promising practices that have emerged from the OPA projects are:

- An increase in the quality of pre-referral interventions provided for students encountering difficulties in learning during the early primary grades leads to a decrease in the number of requests for formal assessment of these children by the professional services staff.
- A strengthening of the relationship between the professional services staff and the school-based staff, particularly the classroom teachers, leads to an increase in the sharing of knowledge and makes it more likely that the programming recommendations that follow assessments are directly tied to classroom practice.
- The provision by professional services staff and the special education staff of teacher capacity-building workshops that focus on assessment data and differentiated instruction increases the confidence of teachers to work effectively with all students.
- The collection of assessment data in Kindergarten provides a basis for early intervention strategies that, when implemented effectively, increase student achievement in literacy and numeracy.
- The systematic integration of curriculum and special education initiatives through the collaborative planning of system staff leads to a more seamless delivery of instruction at the school level, a more effective use of system resources to support struggling learners and an increased likelihood that best practices will be sustained.

The four OPA project objectives were designed to:

- Reduce wait times for students in Junior Kindergarten to Grade 4 requiring professional assessments.
- Enhance teacher capacity to provide effective programming for students provided with professional assessments.
- Improve literacy and numeracy for students provided with professional assessments.
- Sustain assessment process improvements for the long term.

The Continuous Assessment Process that has been implemented by Student Support Services is an ongoing activity supporting students by employing instructional strategies that will address their learning strengths and needs.

The resource guide includes discussions about "Assessment within Special Education", "Assessment and Instruction", "Planning for Children with Special Needs", "The Critical Findings of the OPA Student Assessment Project", "Effecting Change", "Promising Practices" and resources and references.

The Niagara Catholic District School Board's project is profiled on page 108 describing the focus on early intervention with Speech Language and Psycho- educational assessments, with a reduction in wait-time for these assessments.

This resource guide will be provided to Principals/Vice-Principals in all elementary schools, to the SEAC members, and Student Support Services' staff.

A review of the guide will occur at a future Director's Meeting and Educational Resource Teachers' meeting.

COLLABORATIVE INQUIRY FOR LEARNING MATHEMATICS

BACKGROUND INFORMATION

The Literacy and Numeracy Secretariat has developed a study entitled:

COLLABORATIVE INQUIRY FOR LEARNING: A Study of Building Capacity and Leadership in Mathematics (K to 6).

The purpose of this study is to develop regional capacity and leadership in mathematics education. More specifically, the purpose is to refine and examine a professional learning design and implementation framework, in terms of the ways it engages a diverse community of learners (e.g., students, teachers, administrators, numeracy leaders) in learning mathematics for teaching within both a school-based Professional Catholic Learning Community and a professional learning network. This framework is intended to be scaleable and useable across Ontario school boards.

The inquiry is linked closely to the School Effectiveness Framework (SEF) indicators and data (e.g., school self-assessment) and student achievement data (e.g., EQAO, classroom assessments) which has been collected by the participating boards.

Through job embedded professional learning the participants will:

- identify mathematics content and instructional knowledge that can be implicated in raising the bar and closing the gap on student achievement in mathematics, within their school/board contexts
- develop and implement principal leadership strategies that support learning and improvement in mathematics instruction
- develop and implement lateral capacity building strategies that develop self-generative PCLC's within schools and professional learning networks among schools and regions and a framework that other boards can use
- develop and implement strategies for supporting professional learning networks among teachers, Principals, Vice-Principals, and Superintendents within and between schools and boards.

For the province of Ontario only 12 school boards and a total of 210 participants will experience the intensive process. Niagara Catholic will share the experience with our coterminous Board.

The participating schools from Niagara Catholic are as follows:

| St. Denis Catholic School | Gr. 4/5, Gr. 5, Gr. 6 |
|--------------------------------------|-----------------------|
| St. Mary Catholic School (W) | Gr. 4/5, Gr. 5 |
| St. Gabriel Lalemant Catholic School | Gr. 5, Gr. 6 |

Clearly, the teacher plays a pivotal role in shaping the mathematics learning environment. By providing the participants of St. Denis, St. Gabriel Lalemant and St. Mary Catholic Elementary Schools with a framework for professional interaction, the educators can be guided effectively towards working as a Professional Catholic Learning Community, in which sharing mathematical understanding will lead to higher levels of student achievement.

LEADING STUDENT ACHIEVEMENT INITIATIVE 2008-2009

BACKGROUND INFORMATION

The Leading Student Achievement (LSA) initiative is based on an innovative tri-level approach involving board/district leaders, principal team leaders and principal learning team members. Provincially, the initiative is supported by Catholic Principals Council of Ontario (CPCO) and the Literacy and Numeracy Secretariat. The purpose of the LSA is to provide support to school leaders as they:

- improve literacy and numeracy achievement for students in the primary and junior grades;
- work in principal learning teams to improve instructional leadership;
- build professional learning communities in their schools and across their districts;
- use evidence-based inquiry to inform instructional practice;
- share successful strategies that can be implemented across the province;
- develop teaching-learning networks at local, district and provincial levels;
- contribute to educational research rooted in the Ontario context.

As part of the LSA Initiative, Niagara Catholic participates in the London Region Teaching Learning Network as an opportunity to implement the "Teaching-Learning Critical Pathway" (TLCP) cycle for student learning. Currently, five Niagara Catholic Elementary Schools are participating in the TLCP program through Principal-Teacher teams. These schools are: St. Therese, St. Mark, Sacred Heart, St. James, and St. Ann (St. Catharines) Catholic Elementary Schools. As part of the TLCP, the Principal-Teacher teams attended TLCP workshop sessions in London and Toronto.

STATEMENT OF POLICY

The Niagara Catholic District School Board, in order to fulfill its duties and responsibilities, reserves to itself the function of establishing guides for the discretionary action of those to whom it delegates authority. These guides for action will constitute the policies governing the operation of the school system and the internal operations of the Board. The policies pertaining to the internal operations of the Board shall be called bylaws.

The Director of Education, as C.E.O., is accountable to the Board for the implementation of policy and shall issue Administrative Guidelines in support of policy.

The policies of the Board shall be congruent with and supportive of the Mission Statement of the Board.

The process of establishing and reviewing policy will include timely consultation with individuals and groups as deemed appropriate to a particular policy.

The policy shall be based on and supportive of the Catholic Mission Statement of the Board.

ADMINISTRATIVE GUIDELINES

The development and review of all policies shall be initiated by the Board, the Director of Education or Administrative Council.

Prior to the development of draft policy or the revision of current policies, a statement outlining the intent of the proposed policy, as well as the proposed distribution for vetting of the draft policy, will be provided to the Committee of the Whole for Information.

The Director of Education may delegate the development or revision of policy statements to appropriate staff.

The policy draft will be reviewed by Administrative Council, and if the Director deems appropriate, it will be vetted to various stakeholder groups. The vetting process will begin with Trustees who will receive the draft guidelines at least 7 days before the general vetting begins.

Following Administrative Council approval and appropriate vetting to stakeholder groups, the draft policy will be presented to the Policy Committee for recommendation to the Committee of the Whole.

The Board, at a subsequent meeting, will receive a recommendation from the Committee of the Whole regarding the adoption of the policy.

Resolutions

The 2009 OCSTA Annual General Meeting will once again offer an opportunity for delegates to consider and vote on all resolutions received from our members.

The resolution process provides member boards with the opportunity to bring important issues, which have provincial implications, to the attention of all trustees in the province.

NEW GUIDELINES RE APPROPRIATE SUBJECT MATTER FOR RESOLUTIONS

As a result of input from our recent membership survey and discussions at our 2008 Regional Meetings, OCSTA is asking that boards no longer submit AGM resolutions that deal with education funding issues.

OCSTA is now designing a process separate from the Resolution process by which member boards will be able to make the Association aware of your current funding concerns and recommendations and have them brought to the government's attention in time to have maximum impact on the next provincial grant cycle. The new process will also provide feedback to boards regarding progress made by OCSTA on these funding issues.

A memo outlining the new process, its timelines and benefits will follow in the near future.

Following are guidelines to assist you in the preparation of your resolution(s).

The deadline date for receipt of resolutions in the OCSTA office is

January 30, 2009

Guidelines for Preparing Resolutions

To improve the effectiveness of the resolution process, we ask boards to review the following guidelines.

Resolutions are your opportunity to address problems, solutions or concerns, which affect Catholic education in Ontario. A resolution approved by the membership at the Annual General Meeting calls for priority action by OCSTA and the commitment of OCSTA resources to address the particular issue outlined in the resolution.

A. Criteria for Submitting a Resolution

A resolution should:

- a. Address an area of concern for the province's Catholic school boards.
- b. Concern a matter which requires attention or action.
- c. Be written in language appropriate for province-wide consideration (language contained in resolutions is often incorporated into subsequent communications to the government or other relevant parties).
- d. Be accompanied by substantiated rationale.

e. Not deal with education funding issues (a separate process is being created to deal with this type of issue).

B. Steps in Preparing a Resolution

- 1. Identify the concern. Be sure the concern is a matter of **province-wide** scope.
- 2. Research and gather sufficient supporting background materials to substantiate the resolution. If the concern has been presented/dealt with in a previous resolution, review the outcome of that process to assess what changes in approach/additional information might be useful.
- 3. Write the resolution in the following proposed format taking care to ensure that:
 - a. Each "Whereas" is accompanied by adequate background material.
 - b. The "Therefore be it Resolved" directs OCSTA to take specific action.

C. Writing A Resolution

Structure

The resolution should be assigned a succinct title that identifies the problem or issue (or its proposed solution). There should be two parts to the resolution: a preamble followed by a resolving clause (or clauses).

1. Preamble

The preamble is a brief statement of background or rationale coming before the resolving clause(s).

The purpose of the preamble is to provide information without which the point or the merits of a resolution are likely to be poorly understood.

Each clause in a preamble is written as a separate paragraph, beginning with the word "WHEREAS".

2. Resolving Clauses

A resolving clause indicates what action(s) is to be taken given the "WHEREAS" clause(s) in the preamble. If more than one action is being recommended, the "Therefore be It Resolved" portion should be divided into a), b), c), etc.

3. Submission Statement

Please include the following information in the submission statement.

[Mover's Name] [Seconder's Name] [Board Name] [Topic]

D. Submission Deadline Date

The deadline date for receipt of resolutions in the OCSTA office is **January 30**, **2009**. We encourage boards to submit their resolutions by email to Jane Ponte at jponte@ocsta.on.ca. The provincial office will distribute, in the delegate kits, resolutions to be presented from the floor provided a minimum of 225 copies of each resolution (and background material, if applicable) are received in the Provincial Office by **April 3**, **2009**.

E. Regulations

See the enclosed attachment for current regulations regarding submission and presentation of resolutions at the AGM.

These guidelines (and the enclosed template) have been provided as a reference that we hope you will find useful in preparing effective resolutions for your Association and Catholic education in Ontario.

Thank you.

Template

The following example is provided for your reference. Please **do not use** tables, text boxes or any type of graphic. The type of font to be used in this document is **Times New Roman 12pt**.

MOVED BY: [Mover's Name] [Board Name]

SECONDED BY: [Seconder's Name]

TOPIC: [e.g. Vacancies on School Boards]

WHEREAS: from time to time a vacancy occurs in the office of a member of the board;

and

WHEREAS: according to Section 221 (1) of the Education Act, the vacancy must be filled

by either a by-election or by appointment; and

WHEREAS: boards choosing to appoint a new trustee will, most commonly, engage in an

open and fair process of selection; and

WHEREAS: the Education Act requires that the process be fully completed within 60 days of

the office becoming vacant; and

WHEREAS: the 60 day time period may encompass a part of the year (e.g. Christmas,

summer months, March Break) when board operations and processes are reduced, thus making the timelines very tight and, potentially, unmanageable;

THEREFORE BE IT RESOLVED THAT:

OCSTA petition the Ministry of Education to review the section of the *Education Act* which relates to trustee vacancies with a view to extending the timeline by either increasing the number of days or altering the requirement that the process be completed within a designated number of regular school days.
