5. RAT/PCR Distribution – **The Rapid Antigen Tests arrived today and will be distributed next week to students and staff. They will receive two tests, and the plan would be to replenish tests after families have used them. PCR tests will be sent home with students who develop symptoms at school, and those have also arrived at school.**
6. Emergency Instructors – **Although we have been hesitant to use Emergency Instructors in the past, we have put out an advertisement to the community for Emergency Instructors. There has been some interest from the community. We anticipate that there will be staff shortages due to illness and isolation. Emergency Instructors do have to have a police check as well as orientation through the school and the school board.**

The Meteors game was a huge success, and we may try another one if restrictions are lifted before the end of the season. The Council has also launched an Instagram account – (olv_catholicschoolcouncil). There has been interest in running the Big Red fundraiser again in the spring, possibly between March Break and Easter.
