## REPORT TO THE COMMITTEE OF THE WHOLE NOVEMBER 14, 2023

### 2023-2024 PARENTS REACHING OUT (PRO) GRANTS

---

---

#### BACKGROUND INFORMATION

The Ministry of Education continues to support parental involvement in Ontario schools by funding Parents Reaching Out (PRO) Grants. The Parents Reaching Out (PRO) Grants program provides funding to district school boards and school authorities to lead projects with a focus on the identification and removal of barriers that prevent parents and families from participating and engaging fully in their children's learning.

This funding supports projects that are initiated by parents through communication with the Niagara Catholic Parent Involvement Committee and Catholic School Councils. For the 2023-2024 this funding will be transferred from Priorities and Partnerships Funding (PPF) into a new component of the Parent Engagement Allocation within the School Foundation Grant.

With this change, the Parent Engagement Allocation has three components – PIC (\$8,557), School Councils (\$29,000), and PRO (\$30,500) – each with its own funding calculation. School boards are expected to comply with Ontario Regulation 612/00: *School Councils and Parent Involvement Committees*.

This new PRO component, funded through a combined amount of \$1,500 per school board and \$500 per school committee, supports school boards to work with their Parent Involvement Committees (PICs) in order to lead initiatives that address local parent needs and/or remove barriers that prevent parents from participating and engaging fully in their children's learning and educational progress.

This year, through the PRO Grant component (\$30,500), Catholic School Councils may apply for additional funds up to \$1000.00 to support parent engagement activities at the school level through an application process. Applications and funding allocations will be approved in alignment with Ministry criteria. Principals and Catholic School Council Chair/Co-Chairs have been notified about this funding opportunity.

The report on the 2023-2024 Parents Reaching Out (PRO) Grants is presented for information.

## REPORT TO THE COMMITTEE OF THE WHOLE NOVEMBER 14, 2023

### STUDENT ACHIEVEMENT PLAN 2023-2024

---

---

#### BACKGROUND INFORMATION

The Ministry of Education process for implementing, supporting, and monitoring Board improvement has been in a period of flux over recent years. The Ministry has moved from the Board Improvement and Equity Plan (BIEP) to a Student Achievement Action Plan (SAP).

School Boards have been provided with a standardized framework to guide boards' improvement planning. The following timeline provides an overview of the development of the standardized framework:

Fall 2021:

- Memo issued to school boards on a draft improvement planning framework
- Release is paused due to ongoing pandemic and reporting concerns

Winter 2022:

- Draft framework presented to a focus group of Directors of Education
- Decision to continue engagements with Directors and other stakeholders to gather feedback on the development of a framework.

Spring-Summer 2022:

- Engagements with external stakeholders
- Stakeholder groups included: First Nation, Metis, and Inuit partners, School board Indigenous Education Leads, Human Rights and Equity Advisors, School board researchers, provincial parent organizations.

Fall 2022:

- Continues work on refining a framework and alignment with sector priorities

Spring-Summer 2023:

- Better Schools and Student Outcomes Act, 2023
- New regulation prescribes three provincial priorities for multi-year planning and boards receive a standardized performance indicator framework to measure their progression on student achievement outcomes.

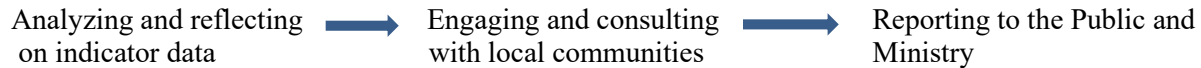

The new **Student Achievement Plan** is an accountability strategy to drive and assess progress on improving student outcomes and experiences in the education sector.

The key objectives of the Student Achievement Plan:

- Outline common system-wide set of provincial priorities, goals and performance indicators for quality improvement.
- Data-driven action planning process that leverages quantitative and qualitative data as well as community engagement.
- Transparency to parents, students, and local communities.

## Student Achievement Planning Process

The Student Achievement Plan process and action plans will span a three-year cycle. The process is iterative and each year school boards will be:

To enhance accountability and transparency, school boards will be asked to report annually on their commitments and progress made on student achievement outcomes.

The Ministry states that the purpose of the Student Achievement Action Plan is to level up achievement outcomes and experiences for every student. The framework outlines three priority areas and corresponding goals:

1. Priority: Achievement of Learning Outcomes in Core Academic Skills
  - a. Goal: Improve students' literacy learning and achievement
  - b. Goal: Improve students' math learning and achievement
2. Priority: Preparation of Students for Future Success
  - a. Goal: Improve students' graduation rates and preparedness for future success
3. Priority: Student Engagement & Well-being
  - a. Goal: Improve students' participation in class time and learning
  - b. Goal: Improve student well-being

The Ministry will shortly release a Student Achievement Plan Tool that will guide school boards through the process of analyzing and interpreting qualitative and quantitative data.

Appendix A is the Niagara Catholic District School Board Student Achievement Plan 2023. This plan is currently in DRAFT form. Upon release of the ministry tool, the data to inform the analysis and interpretation of the plan and next steps within the improvement process.

The Student Achievement Plan 2023-2024 report is presented for information.
