New Year's Prayer

Heavenly Father,

As we step into this new year, we thank You for Your guidance and blessings over the past year. We are grateful for the love, strength, and support You have provided us through the challenges and joys we experienced. May this new year be filled with Your light and love. Grant us the wisdom to make choices that honour You. Help us to show kindness and compassion to those around us. Guide us towards peace, understanding, and unity. Give us the strength to overcome obstacles and persevere through difficulties. Inspire us to live each day with gratitude, joy, and purpose. May we support and uplift each other, growing together in faith and love.

In Your Holy name, we pray.
Amen.

Parking Lot Safety

We ask that you exercise extreme caution when driving in our very busy parking lot, especially during the morning and at dismissal at the end of the day. Please "Kiss and Drive" so your vehicle is not blocking the arriving busses. Parents are encouraged to use the East parking lot to pick up or drop off students. Anaphylaxis Policy

At the beginning of every school year, we remind all students and parents/guardians of our Board's Anaphylaxis Policy.

At Holy Name Catholic School we have Emergency Procedures, which clearly state what medical procedures must occur for those students who have various life-threatening medical conditions.

We are reminding all students and parents/guardians that we have students in our school who are known to have a potentially life-threatening allergy called Anaphylaxis.

Anaphylaxis is a serious allergic reaction that is rapid in onset and may cause death. While fatalities are rare, anaphylaxis must always be considered a medical emergency requiring immediate treatment.

Symptoms of anaphylaxis generally include two or more of these four body systems: skin, respiratory, gastrointestinal and/or cardiovascular. However, low blood pressure alone (i.e. cardiovascular system), in the absence of other symptoms, can also represent anaphylaxis. Breathing difficulties and low blood pressure are the most dangerous symptoms and both can lead to death if untreated. Anaphylaxis is an unpredictable condition as signs and symptoms can vary from one person to the next and from one episode to another in the same person.

In Canada, the most common food allergens that cause anaphylaxis are: peanut, tree nuts (almonds, Brazil nuts, cashews, hazelnuts, macadamia nuts, pecans, pine nuts, pistachios, and walnuts), milk, egg, seafood (fish, shellfish, and crustaceans), soy, wheat, mustard and sulphites (a food additive).

Anaphylaxis requires immediate first aid response and immediate medical intervention

Reminders

NUT SAFE SCHOOL

Holy Name is a Nut Safe School. Please be aware that there are children in our school who have severe allergies to nuts and foods containing nut by-products. NASK (Niagara Anaphylaxis Support and Knowledge) recommends parents read and become familiar with food labels and check ingredient contents. Please send only foods that are peanut and nut safe.

Medication at School

Students who require medication to be administered at school must submit the appropriate forms signed by a doctor prior to them being administered by staff. Medication will be stored in a secure location and tracking sheets will kept in the Vice-Principal's office.
