ADMINISTRATIVE GUIDELINES

Rationale

Bullying is typically a form of repeated, persistent, aggressive behaviour that is directed at an individual and is intended to cause (or should be known to cause) fear, distress and /or harm to another person's body, feelings, self-esteem, or reputation. Bullying occurs in a context where there is real or perceived power imbalance.

Bullying has been identified as a widespread problem with serious implications for students, schools, and the entire community.

Bullying is predominantly a learned behaviour, which must be addressed by teaching students to build positive relationships, and develop effective communication strategies. Educators will endeavour to create opportunities to model and encourage behaviours and interactions that help create a classroom and positive school climate.

Bullying adversely affects a student's ability to learn.

Bullying adversely affects healthy relationships and the school climate.

Bullying adversely affects a school's ability to educate its students.

Bullying will not be accepted on school property, at school-related activities, on school buses, or in any other circumstances where engaging in bullying will have a negative impact on the school climate.

Positive School Climate

A positive school climate exists when all members of the school community feel safe, comfortable, and accepted. To help achieve a positive school environment in their schools, the Niagara Catholic District School Board and its schools will actively promote and support positive behaviours that reflect their catholic gospel values. They should also endeavour to ensure that parents and members of the broader community are involved in the school community.

The Niagara Catholic District School Board and its schools will actively promote a positive school climate in their Schools. The following are some characteristics of a positive school climate:

- Students and staff feel safe and are safe.
- Healthy and inclusionary relationships are promoted.
- Students are encouraged to be positive leaders in their school community
- All partners are actively engaged
- Bully prevention messages are reinforced through programs addressing discrimination based on such factors as age, race, sexual orientation, gender, faith, disability, ethnicity, and socio-economic disadvantage.
- Improvement of learning outcomes for all students is emphasized.

There are several reasons why School Boards should address the problems of bullying in schools:

- Bullying behaviours contradict the Gospel values, which are centred in the teachings of Christ.
- Bullying may contribute to short-term problems for the targeted victims (i.e. a change in behaviour, drop in grades, frequent absences).
- Persistent bullying may cause long-term psychological problems (i.e. depression, dropping out, suicide ideation.)
- Bullying may contribute to involvement in other antisocial activities (i.e. alcohol/drug abuse, gangs, criminal behaviour) and threatens the physical safety of others.
- Bullying may contribute to a negative school climate, which interferes with spiritual development, academic learning, and social responsibility.
- Bullying adversely affects students' ability to learn.
- Bullying adversely affects healthy relationships and the school climate.
- Bullying adversely affects a school's ability to educate its students.

Bullying may include but is not limited to:

| Verbal | Physical |
|------------------------|------------------------|
| Name-calling/Put downs | Hitting |
| Insults | Kicking |
| Racist Comments | Spitting |
| Harassment | Pushing |
| Sexist Comments | Inappropriate Gestures |
| Teasing/Taunting | Tripping |
| Threatening /Extortion | Stealing |

| Social/Emotional | Technological |
|--------------------------|---------------------------|
| Relational Bullying | Cyberbullying |
| Manipulating Friendships | Internet Misuse |
| Gossip | Text messages |
| Exclusion | Digital Photos |
| Intimidation | Chatlines |
| Written Notes | Websites |
| Making false statements | Telephone (3 way calling) |

In recognition of the importance of addressing bullying, which can have a significant impact on student safety, learning, and the school climate, bullying has been added to the list of infractions for which suspension must be considered.

The policy statement and guidelines are consistent with current legislation_and apply to students, staff, parents, visitors and community members involved with the Niagara Catholic District School Board.

Delegation of Authority - Regarding Student Discipline

It is the expectation of the Board that, provided that there is no immediate risk of physical harm to any individual, staff members who work directly with pupils on a regular basis, including but not limited to, administrators, teachers, educational assistants, social workers, child and youth workers, psychologists, and speech and language pathologists, shall, in accordance with Board procedures, respond to any such inappropriate and disrespectful behaviour or any other behaviour that causes a negative school climate or for which a suspension or expulsion may be imposed, which they have observed or heard during the course of their duties or otherwise while on school property or during a school related event.

The Board, and school administrators, must consider all mitigating and other factors, as required by the *Education Act*, set out in Ontario Regulation 472/07 and reflected in student discipline settlements with the Human Rights Commission.

Vice-Principals

Delegation may include all authority of the principal under Part XIII of the Education Act except the final decision regarding a recommendation to the board to expel a student and suspensions for more than 5 school days.

Teachers

Teachers may be delegated the authority to initially deal with situations involving activities that occur that must be considered for suspension and/or expulsion.

A teacher may be delegated limited authority to contact the parent of a student who has been harmed as the result of an activity for which suspension or expulsion must be considered. The information provided to the parents by a teacher must be limited to the nature of the harm to the student and the nature of the activity that resulted in the harm.

The teacher must not be delegated the authority to discuss the nature of any discipline measures taken in response to the activity.

If the teacher is not clear on whether to call the parent or guardian the teacher should contact the principal or supervisory officer for direction. The principal or vice-principal will follow-up with the parent as soon as possible.

2. Students are expected to:

- promote a safe, caring and positive environment for all by developing an awareness of bullying issues.
- refuse to bully others or to be a bystander to acts of bullying.
- report all acts of bullying that they may experience or observe to appropriate school personnel for assistance.
- assist and co-operate in the implementation of school-wide bully prevention initiatives.

3. Parents/Visitors/Community Members are expected to:

- promote a safe, caring and positive environment for all by developing an awareness of bullying issues.
- inform the school if bullying is suspected.
- encourage their children to discuss any incidents of bullying and reinforce the need to speak out.
- support the school when resolving identified incidents of bullying.
- support the school through Catholic School Councils, in promoting local school bully prevention initiatives.
- support the school in training and communication strategies for members of the school community
- 4. Current Legislation and the Provincial Code of Conduct require all schools in consultation with their Catholic School Councils, staff, students and parents to develop local Codes of Conduct. These locally developed Codes of Conduct shall be in compliance with the Ministry's and the Board's Code of Conduct.
- 5. The Niagara Catholic District School Board requires that each school include and address the following bullying prevention statement in their local school Code of Conduct.

6. In keeping with the teachings of Christ, _____ Catholic School will strive to create a safe, caring and supportive school environment, free of bullying, for all members of the school community that strives to create a safe, caring and supportive school environment, free of bullying, for all members of the school community.

This statement is based on the following principles:

- All members of the Catholic School Community are expected to foster healthy communication, positive practices and a kind, inclusive, and welcoming school culture; as a means to resolve conflict, as reflected in the Gospel Values.
- Bullying disrupts the learning, teaching, social and spiritual environment in a school community.
- All members of the school community have a shared responsibility to provide students with an opportunity to learn and develop in a safe and respectful society.

Safe Schools Teams

Each school must have in place a safe school team responsible for school safety that is composed of at least one student (where appropriate), parent, teacher, support staff member, a community partner, and the principal. The team must have a staff chair.

Through the development of school level plans, which address prevention and intervention strategies, schools will implement a bullying prevention and intervention plan.

Schools are required to conduct anonymous School Climate Surveys, developed by the Ministry of Education and the Board, of their students every two years.

Schools should also survey staff and parents to assess their perception of safety in the school in order to inform prevention and intervention planning .

These School Climate Surveys are to be shared with the Safe School Teams and to build strategies into the school improvement plans to improve the school climate regarding issues identified through the school climate surveys.

Schools must also establish a monitoring and review process to determine the effectiveness of their bullying prevention and intervention plans (i.e. school improvement plans).

Blessed are the peacemakers; for, they shall be called the children of God.

TO: NIAGARA CATHOLIC DISTRICT SCHOOL BOARD COMMITTEE OF THE WHOLE PUBLIC SESSION APRIL 13, 2010

TOPIC: APPROVAL OF POLICIES SAFE SCHOOLS POLICY: PROGRESSIVE STUDENT DISCIPLINE POLICY (302.6.9)

On January 26, 2010, the Board approved the revisions to the Safe Schools Policy: Progressive Student Discipline Policy (302.6.9) as interim, prior to the vetting process.

The vetting process has now been completed and all feedback considered.

The revised Policy and Administrative Guidelines are presented to the Committee of the Whole for consideration.

THAT the Committee of the Whole recommend that the Niagara Catholic District School Board approve the revised Safe Schools Policy: Progressive Student Discipline Policy (302.6.9), as presented.

PROGRESSIVE STUDENT DISCIPLINE POLICY

Adopted: February 1, 2008 June 17, 2008 Revised: January 26, 2010 Policy No. 302.6.9 Safe Schools

STATEMENT OF POLICY

The Niagara Catholic District School Board endorses the principle of progressive discipline in support of a safe learning and teaching environment in which every student can reach his or her full potential. Appropriate action must consistently be taken by school personnel to address behaviours that are contrary to Provincial and Board Codes of Conduct.

The Provincial Code of Conduct, the Niagara Catholic District School Board Code of Conduct, the Education Act and all applicable laws, statutes and regulations under the Act and all current legislation, together with the Board's policies create expectations for behaviour for all persons on school property, and outline strategies to be taken to reduce incidents and impose appropriate consequences for pupils.

When dealing with identified exceptional students the Board and School administrators must consider all mitigating and other factors as required by the Education Act and as set out in current legislation. Pursuant to the Education Act, principals are required to maintain proper order and discipline in schools, and pupils are responsible to the principal for their conduct and are required to accept such discipline as would be exercised by a reasonable, kind, firm and judicious parent. This policy does not detract from the duty. A principal may delegate some disciplinary responsibilities to a vice-principal and/or teacher of the school in accordance with the Education Act, Ministry of Education policies and Board procedures.

Before applying disciplinary measures, the Principal/designate and Disciplinary Hearing Committee of the Board shall consider the potentially discriminatory impact of disciplinary decisions on pupils protected by the Human Rights Code, including but not limited to race and disability, and whether or not accommodation is required.

Progressive Student Discipline is a school-wide approach that makes use of a continuum of interventions, supports, and consequences, building upon strategies that promote positive behaviours. Each school is required to develop and implement school wide progressive discipline procedures, consistent with current legislation, relevant board policies and administrative guidelines.

The Director will establish administrative guidelines and procedures for the implementation of this policy.

Niagara Catholic District School Board

PROGRESSIVE STUDENT DISCIPLINE POLICY

Adopted: February 1, 2008 June 17, 2008 Revised: January 26, 2010 Policy No. 302.6.9 Safe Schools

ADMINISTRATIVE GUIDELINES

Progressive discipline is considered to be a school-wide approach utilizing a continuum of interventions, supports and consequences to address inappropriate student behaviour. Interventions, supports and consequences must be consistent with the expectations in the student's Individual Education Plan(I.E.P.) and/or his/her demonstrated abilities. Schools should use a wide range of interventions and consequences to reinforce positive behaviour and to help students better understand the consequences of their choices. Mitigating factors must be considered by the Board principals in determining the consequence of inappropriate student behaviour, and, where appropriate, begin the intervention at the lower end of the consequence spectrum. Parents are to be actively engaged in the approach.

Appropriate action must consistently be taken by schools to address behaviours that are contrary to Provincial, Board and School Codes of Conduct, which includes, but is not limited to, inappropriate sexual behaviour, gender-based violence, homophobia, and harassment on the basis of sex, gender identity, sexual orientation, race, colour, ethnicity, culture, citizenship, ancestry, origin, religion, creed, family status, socio-economic status, disability and/or any other immutable characteristic or ground protected by the Human Rights Code as well as inappropriate sexual behaviour. The board authorizes principals, or their delegates, to impose consequences in appropriate circumstances, up to and including a referral to the Disciplinary Hearing Committee of the Board for expulsion from all schools.

Delegation of Authority - Regarding Student Discipline

It is the expectation of the Board that, provided that there is no immediate risk of physical harm to any individual, staff members who work directly with pupils on a regular basis, including but not limited to, administrators, teachers, educational assistants, social workers, child and youth workers, psychologists, and speech and language pathologists, shall, in accordance with Board procedures, respond to any such inappropriate and disrespectful behaviour or any other behaviour that causes a negative school climate or for which a suspension or expulsion may be imposed, which they have observed or heard during the course of their duties or otherwise while on school property or during a school related event.

The Board, and school administrators, must consider all mitigating and other factors, as required by the *Education Act*, set out in Ontario Regulation 472/07 and reflected in student discipline settlements with the Human Rights Commission.

Vice-Principals

Delegation may include all authority of the principal under Part XIII of the Education Act except the final decision regarding a recommendation to the board to expel a student and suspensions for more than 5 school days.

Teachers

Teachers may be delegated the authority to initially deal with situations involving activities that occur that must be considered for suspension and/or expulsion.

A teacher may be delegated limited authority to contact the parent of a student who has been harmed as the result of an activity for which suspension or expulsion must be considered. The information provided to the parents by a teacher must be limited to the nature of the harm to the student and the nature of the activity that resulted in the harm.

The teacher must not be delegated the authority to discuss the nature of any discipline measures taken in response to the activity.

If the teacher is not clear on whether to call the parent or guardian the teacher should contact the principal or supervisory officer for direction. The principal or vice-principal will follow-up with the parent as soon as possible.

Early and Ongoing Intervention Strategies

Early Intervention Strategies allow schools to support students in learning and adopting appropriate responses to events and circumstances that trigger disrespectful or illegal behaviour that could result in suspension or possible expulsion from school. Early interventions are opportunities for students to self-assess and self-regulate with support from both the school and home.

Ongoing Intervention Strategies provide a more structured approach to supporting the student through loss of privileges, parent meetings, behaviour intervention plans, conflict mediation, and restorative justice, referral to more direct school or system staff with possible involvement of outside counselling agencies. Referrals may be for issues such as, but not limited to anger management or substance abuse. In determining the most appropriate individualized intervention strategy the principal must consider the mitigating factors surrounding the student and the particular incident as well as how it impacts the climate of the school.

A teacher or the principal or designate, as appropriate, may utilize early and/or ongoing intervention strategies to prevent unsafe or inappropriate behaviours.

These may include:

Positive Practices

In order to promote and support appropriate and positive pupil behaviours that contribute to creating and sustaining safe, comforting and accepting learning and teaching environments that encourage and support students to reach their full potential, the Board supports the use of positive practices for: (1) prevention, and (2) positive behaviour management. The Board also encourages principals/designates to review and amend, as appropriate, Individual Education Plans, Behaviour Management Plans and Safety Plans at regular intervals and following an incident to ensure that every student with disability related needs is receiving appropriate accommodation up to the point of undue hardship.

Preventative practices include:

- •Human Rights strategy pursuant to PPM 119
- Anti-bullying and violence prevention programs;
- Mentorship programs;
- Student success strategies;
- Character education;
- Citizenship development;
- Student leadership;
- Promoting healthy student relationships
- Healthy lifestyles.

Positive behaviour management practices include:

- Program modifications or accommodations;
- •Class placement;
- Positive encouragement and reinforcement;
- Individual, peer and group counselling;
- Conflict resolution / Dispute resolution;
- Mentorship programs;
- Promotion of healthy student relationships
- Sensitivity programs;
- Safety Plans;
- School, Board and community support programs; and
- Student success strategies.

The Board recognizes that, in some circumstances, positive practices might not be effective or sufficient to address inappropriate pupil behaviour. In such circumstances, the Board supports the use of consequences.

In circumstances where a pupil will receive a consequence for his/her behaviour, it is the expectation of the Board that the principle of progressive discipline, consistent with the *Human Rights Code*, Ministry of Education direction and PPM 145, will be applied, if appropriate.

Progressive Discipline Consequences

Progressive discipline may include early and/or ongoing intervention strategies, such as:

- Contact with the pupil's parent(s)/guardian(s);
- •Oral reminders;
- Review of expectations;
- Written work assignment with a learning component;
- Volunteer service to the school community;
- Peer mentoring;
- •Referral to counselling;
- Conflict mediation and resolution; and/or
- Consultation.

Progressive discipline may also include a range of interventions, supports and consequences when inappropriate behaviours have occurred, with a focus on improving behaviour, such as one or more of the following:

- Meeting with the pupil's parent(s)/guardian(s), pupil and principal;
- •Referral to a community agency for anger management or substance abuse counselling;
- Detentions;
- Withdrawal of privileges;
- Withdrawal from class;
- Restitution for damages;
- Restorative practices; and/or
- •Transfer.

The Board also encourages principals/designates to review and amend, as appropriate, Individual Education Plans, Behaviour Management Plans and Safety Plans at regular intervals and/or following an incident to ensure that every student with disability related need is receiving appropriate accommodation up to the point of undue hardship.

In some cases, short-term suspension may also be considered a useful progressive discipline approach.

In all cases where ongoing intervention strategies are used, the pupil's parents/guardians should be consulted. The parent/guardian is expected to cooperate with the school as they monitor student progress.

Progressive discipline is most effective when dialogue between the school and home regarding student achievement, behaviour and expectations is timely, open, and courteous and focused on student success.
Addressing Inappropriate Behaviour

If a pupil has displayed inappropriate behaviour the principal or designate may utilize a range of interventions, supports, and consequences that are (1) developmentally appropriate, and (2) include opportunities for pupils to focus on improving their behaviour.

Inappropriate behaviour includes any behaviour that disrupts the positive school climate and/or has a negative impact on the school community.

The Board also supports the use of suspension and expulsion as outlined in Part XIII of the Education Act where a pupil has committed one or more of the suspension infractions on school property, during a school-related activity or event, and/or in circumstances where the infraction has an impact on the school climate.

Exclusion pursuant to section 265(1) (m) of the Education Act is not acceptable for discipline purposes or as an alternative to discipline, and may only be imposed in accordance with the Education Act and Board procedures, and must be consistent with the Human Rights Code.

Suspension

A pupil may be suspended only once for an infraction and may be suspended for a minimum of one (1) school day and a maximum of twenty (20) school days. Any such infraction about which a board staff member or transportation provider becomes aware must be reported to the principal or designate in accordance with Board procedures at the earliest, safe opportunity and no later than the end of the school day, or end of a transportation run, if reported by a transportation provider. A written report in accordance with Board procedures must be made when it is safe to do so (Appendix A).

The principal or designate is required to provide information, in accordance with Board procedures, to the parent/guardian of a pupil who is less than 18 years of age, is not 16 or 17 and withdrawn from parental control and where the principal is NOT aware that informing the parent/guardian would put the pupil at risk of harm and would not be in the pupil's best interests.

The principal may inform a parent/guardian of a student 18 years or older or who is 16 or 17 and has withdrawn from parental control, if that student consents to the disclosure of information.

Expulsion

The infractions for which a principal may consider recommending to the Board that a pupil be expelled from the pupil's school or from all schools of the Board include:

- 1. Possessing a weapon, including possessing a firearm or knife;
- 2. Using a weapon to cause or to threaten bodily harm to another person;
- 3. Committing physical assault on another person that causes bodily harm requiring treatment by a medical practitioner;
- 4. Committing sexual assault;
- 5. Trafficking in weapons, illegal or restricted drugs;
- 6. Committing robbery;
- 7. Giving alcohol to a minor;
- 8. An act considered by the principal to be significantly injurious to the moral tone of the school and/or to the physical or mental well-being of others;
- 9. A pattern of behaviour that is so inappropriate that the pupil's continued presence is injurious to the effective learning and/or working environment of others;
- 10. Activities engaged in by the pupil on or off school property that cause the pupil's continuing presence in the school to create an unacceptable risk to the physical or mental well-being of other person(s) in the school or Board;
- 11. Activities engaged in by the pupil on or off school property that have caused extensive damage to the property of the Board or to goods that are/were on Board property;

- 12. The pupil has demonstrated through a pattern of behaviour that s/he has not prospered by the instruction available to him or her and that s/he is persistently resistant to making changes in behaviour which would enable him or her to prosper; or
- 13. Any act considered by the principal to be a serious violation of the requirements for pupil behaviour and/or a serious breach of the Board or school Code of Conduct.
- 14. Where a student has no history of discipline or behaviour intervention, or no relevant history, a single act, incident or infraction considered by the principal to be a serious violation of the expectations of student behaviour and/or a serious breach of the Board or school Code of Conduct.

The Principal and/or Disciplinary Hearing Committee of the Board shall consider whether or not the discipline will have a disproportionate impact on a pupil protected by the Human Rights Code and/or exacerbate the pupil's disadvantaged position in society.

Any such infractions about which a board staff member or transportation provider becomes aware must be reported to the principal or designate in accordance with Board procedures at the earliest, safe opportunity and no later than the end of the school day, or end of a bus run, if reported by a transportation provider. A written report in accordance with Board procedures must be made when it is safe to do so (Appendix A)

The principal or designate is required to provide information, in accordance with Board procedures, to the parent/guardian of a pupil who is less than 18 years of age, is not 16 or 17 and withdrawn from parental control and where the principal is NOT aware that informing the parent/guardian would put the pupil at risk of harm and would not be in the pupil's best interests. The principal may inform a parent of a student 18 years or older or who is 16 or 17 and has withdrawn from parental control, if that student consents to the disclosure of information.

Factors to Consider Before Deciding to Utilize a Progressive Discipline Approach to Address Inappropriate Behaviour

In all cases where progressive discipline is being considered to address an inappropriate behaviour, the principal or designate must:

- 1. Consider the particular pupil and circumstances, including considering the mitigating or other factors;
- 2. Consider the nature, frequency and severity of the behaviour;
- 3. Consider the impact of the inappropriate behaviour on the school climate; and
- 4. Consult with the pupil's parent(s)/guardian (unless the pupil is an adult pupil).

Mitigating Factors

Before imposing a suspension pending an investigation to determine whether to recommend expulsion, the principal must consider any mitigating factors, outlined above, for the purpose of mitigating the discipline to be imposed on the pupil. For the purpose of the Student Discipline Policy and Procedures, the Board interprets the provisions of the *Education Act* and Regulations in a broad and liberal manner consistent with the Human Rights Code. The principal and/or Discipline Committee of the Board shall consider whether or not the discipline will have a disproportionate impact on a pupil protected by the *Human Rights Code* and/or exacerbate the pupil's disadvantaged position in society.

The mitigating factors to be considered by the principal are:

- 1. Whether the pupil has the ability to control his or her behaviour;
- 2. Whether the pupil has the ability to understand the foreseeable consequences of his or her behaviour; and
- 3. Whether the pupil's continuing presence in the school does or does not create an unacceptable risk to the safety of any other individual at the school.

Other Factors to be Considered

- 1. The pupil's academic, discipline and personal history;
- 2. Whether other progressive discipline has been attempted with the pupil, and if so, the progressive discipline approach (es) that has/have been attempted and any success or failure;
- 3. Whether the infraction for which the pupil might be disciplined was related to any harassment of the pupil because of race, colour, ethnic origin, place of origin, religion, creed, disability, gender or gender identity, sexual orientation or harassment for any other reason;

- 4. The impact of the discipline on the pupil's prospects for further education;
- 5. The pupil's age;
- 6. Where the pupil has an IEP or disability related needs,
 - a) Whether the behaviour causing the incident was a manifestation of the pupil's disability;
 - b) Whether appropriate individualized accommodation has been provided; and
 - c) Whether a suspension is likely to result in aggravating or worsening the pupil's behaviour or conduct or whether a suspension is likely to result in a greater likelihood of further inappropriate conduct; and
- 7. Whether or not the pupil's continuing presence at the school creates an unacceptable risk to the safety of anyone in the school.

Before imposing a suspension pending an investigation to determine whether to recommend expulsion, the principal must consider any mitigating factors, outlined above, for the purpose of mitigating the discipline to be imposed on the pupil. The Board interprets the provisions of the Education Act and Regulations in a broad and liberal manner consistent with the Human Rights Code. The principal and/or Disciplinary Hearing Committee of the Board shall consider whether or not the discipline will have a disproportionate impact on a pupil.

- 1. The pupil's academic, discipline and personal history;
- 2. Whether other progressive discipline has been attempted with the pupil, and if so, the progressive discipline approach (es) that has/have been attempted and any success or failure;
- 3. Whether the infraction for which the pupil might be disciplined was related to any harassment of the pupil because of race, ethnic origin, place of origin, religion, creed, disability, gender or gender identity, sexual orientation or harassment for any other reason;
- 4. The impact of the discipline on the pupil's prospects for further education;
- 5. The pupil's age;
- 6. Where the pupil has an IEP or disability related needs,
 - i. Whether the behaviour causing the incident was a manifestation of the pupil's disability;
 - ii. Whether appropriate individualized accommodation has been provided; and
 - iii. Whether a suspension is likely to result in aggravating or worsening the pupil's behaviour or conduct or whether a suspension is likely to result in a greater likelihood of further inappropriate conduct; and
- 7. Whether or not the pupil's continuing presence at the school creates an unacceptable risk to the safety of any other individual in the school.

If the pupil's continuing presence in the school creates an unacceptable risk to the safety of others in the school, then a progressive discipline approach may not be appropriate.

Principal Investigation

Before recommending an expulsion from the pupil's school or from all schools of the Board, the principal must complete an investigation, consistent with the expectations of the Human Rights Code and as required by the Education Act, which is consistent with the expectations for principal investigations outlined in the Board's Student Discipline Procedures.

Appeal

Where a pupil's parent/guardian or the pupil, if 18 or older or 16 or 17 and has removed him/herself from parental control, disagrees with the decision of a principal to suspend the pupil that pupil's parent/guardian or the pupil, if 18 or older or 16 or 17 and removed from parental control, may appeal the principal's decision to suspend the pupil, in accordance with the Human Rights Code, the Board's Student Discipline Procedures and Suspension Appeal Guidelines.

Suspension appeals will not be conducted in accordance with or be subject to the Statutory Powers Procedure Act.

Disciplinary Hearing Committee

In all cases where consequences might be imposed, teachers, administrators and the Board will consider the safety and dignity of all pupils, and the impact of the activity on the school climate.

The Disciplinary Hearing Committee shall have the powers as set out in the Education Act and any other powers necessary and shall consider the Human Rights Code of Ontario any other powers prior to implementing any appropriate Order

Victims of Serious Student Incidents

The Board supports pupils who are victims of serious incidents of pupil behaviour causing harm contrary to the Provincial, Board, and school Codes of Conduct. The principal or designate is required to provide information, in accordance with Board procedures, to the parent/guardian of a pupil who is less than 18 years of age, is not 16 or 17 and withdrawn from parental control and where the principal is NOT aware that informing the parent/guardian would put the pupil at risk of harm and would not be in the pupil's best interests. The principal may inform a parent of a student 18 years or older or who is 16 or 17 and has withdrawn from parental control, if that student consents to the disclosure of information. The Board shall ensure that Principals develop appropriate plans to protect the victim and will communicate to parents/guardians of victim's information about the plan and a method of identifying dissatisfaction with steps taken to provide support to the victim.

Record

The principal or designate shall keep a record for each pupil with whom progressive discipline approach (es) is utilized. The record should include:

- 1. Name of the pupil;
- 2. Date of the incident or behaviour;
- 3. Nature of the incident or behaviour;
- 4. Considerations taken into account;
- 5. Progressive discipline approach used;
- 6. Outcome; and
- 7. Contact with the pupil's parent/guardian (unless the pupil is an adult pupil).

School-Level Plans

- 1. School-wide progressive discipline plans must address the requirements of the *Code*, and proactively measures to address systemic human rights concerns experienced by racialized students and students with disabilities.
- 2. Schools are to develop and implement a school-wide progressive discipline plan which support strategies including plans to protect victims.

THE FORMULATION OF POLICY

Policy #: 100.5

STATEMENT OF POLICY

The Niagara Catholic District School Board, in order to fulfill its duties and responsibilities, reserves to itself the function of establishing guides for the discretionary action of those to whom it delegates authority. These guides for action will constitute the policies governing the operation of the school system and the internal operations of the Board. The policies pertaining to the internal operations of the Board shall be called bylaws.

The Director of Education, as C.E.O., is accountable to the Board for the implementation of policy and shall issue Administrative Guidelines in support of policy.

The policies of the Board shall be congruent with and supportive of the Mission Statement of the Board.

The process of establishing and reviewing policy will include timely consultation with individuals and groups as deemed appropriate to a particular policy.

The policy shall be based on and supportive of the Catholic Mission Statement of the Board.

ADMINISTRATIVE GUIDELINES

The development and review of all policies shall be initiated by the Board, the Director of Education or Administrative Council.

Prior to the development of draft policy or the revision of current policies, a statement outlining the intent of the proposed policy, as well as the proposed distribution for vetting of the draft policy, will be provided to the Committee of the Whole for Information.

The Director of Education may delegate the development or revision of policy statements to appropriate staff.

The policy draft will be reviewed by Administrative Council, and if the Director deems appropriate, it will be vetted to various stakeholder groups. The vetting process will begin with Trustees who will receive the draft guidelines at least 7 days before the general vetting begins.

Following Administrative Council approval and appropriate vetting to stakeholder groups, the draft policy will be presented to the Policy Committee for recommendation to the Committee of the Whole.

The Board, at a subsequent meeting, will receive a recommendation from the Committee of the Whole regarding the adoption of the policy.

The Director of Education will issue Administrative Guidelines if necessary in support of the policy, and will distribute the policy to the system.

REPORT TO THE COMMITTEE OF THE WHOLE MEETING APRIL 13, 2010

CONNECTIONS: INTENSIVE BEHAVIOURAL INTERVENTION (IBI) TO APPLIED BEHAVIOUR ANALYSIS (ABA)

BACKGROUND INFORMATION

In 2007, the Ministry of Children and Youth Services (MCYS) and the Ministry of Education (EDU) Ministers' Autism Spectrum Disorders (ASD) Reference Group recommended the following:

- Release of PPM 140 Incorporating Methods of Applied Behaviour Analysis (ABA) into programs for Students with ASD, to establish a policy framework to incorporate ABA into school board practices;
- Extensive opportunities and funding for training and professional learning about ABA for school board teams, school teams, Principals, teachers, Education Resource Teachers and Educational Assistants;
- Phase 1 of the Collaborative Services Delivery Model (CDSM) from 2007-2009, where 8 schools boards were to oversee pilot projects that identify and build upon successful service delivery models for students with ASD.

The Reference group also recommended improved supports for students with ASD including key transition points, such as entry to school. The CDSM agreed that there was a need to build capacity for more coordinated and seamless transitions for students who are ready to make the transition from Intensive Behavioural Intervention to a school program utilizing Applied Behaviour Analysis (ABA) methods.

The Connections for Students model is centred on multi-disciplinary, student specific, schoolbased transition teams that are established approximately 6 months before a child is discharged from IBI and up to 6 months following the discharge. These transition teams will develop transition plans that are tailored to the specific support needs of the student. Transition planning is an integral component of a students program with NCDSB and this initiative will further support established transition teams and plans.

Transition teams will include the already established teams of Principal, parent/guardian, teacher, Education Resource Teacher and Board staff. The difference with Connections for Students is the involvement of the ASD School Support Connections Consultant who had formerly been available as professional support for educational staff but is now in a position to provide student specific transition support. The other change is the position of board staff with expertise in ABA – the ABA Supervisor (Cathy McMullin). The ABA Supervisor and ASD School Support Connections Consultant work closely with the IBI provider, the school and family to assist with transition planning, program goals and capacity building opportunities.

The Principal is the Transition Team lead and is responsible for establishing the transition team, chairing monthly transition meetings and continuing to work with parent/guardian and teachers to monitor the student's progress, along with various other responsibilities.

The Niagara Catholic District School Board initiated Connections for Students in the fall of 2009. The Ministries' (MCYS and EDU) expectations is that all 72 school boards will implement Connections for Students transition teams no later that the spring of 2010. Currently, Niagara Catholic has three students involved in the Connections for Students Transition process.

SPOTLIGHT ON NIAGARA CATHOLIC MARCH 30, 2010

Youth Citizen of the Year Honoured

Kaitlin Saxton, a Grade 12 student at Lakeshore Catholic High School in Port Colborne, was recognized by trustees during the Board Meeting, March 30th, for being named Youth Citizen of the Year by the Port Colborne-Wainfleet Chamber of Commerce. Kaitlin was selected for the honour due to her commitment to the Port Colborne community. In addition to maintaining a spot on the school's Honour Roll and a part-time job, Kaitlin is a tutor at Community Living, a volunteer at the Reach Out Centre and is an active member of St. Therese Church. Kaitlin is a member of Lakeshore Catholic's Student Council and Niagara Catholic's Student Senate. She is active on the school's planning committees for the annual Pilgrimage and spiritual retreats. Kaitlin also raises money for the Canadian Cancer Society and is a regular participant in Lakeshore Catholic's Relay for Life. Kaitlin recently returned from a two-week mission trip to Dominica, where she worked with children in a local Catholic elementary school and even helped pour concrete. With Kaitlin in the photo are Director of Education John Crocco, Board Chair Kathy Burtnik and Vice-Chair John Dekker.

Budget Timelines and System Priorities 2010-11

The design of Niagara Catholic's 2010-2011 System Priorities and Annual Budget by Administrative Council will follow the same organization, consultation and implementation process as in 2009.

Discussions and input from principals and staff will come through Director's Meetings. Input to set the four main System Priorities for 2010-2011 will also be provided by department staff at the Catholic Education Centre, Curriculum Councils, SEAC, Catholic School Councils and the Niagara Regional Catholic School Council/Parent Involvement Committee (PIC). This process will also create the specific indicators within each priority, which will in turn provide the framework for the annual budget and measure the achievement of each priority.

Priorities approved by the Board will be printed into posters and displayed prominently in all Niagara Catholic sites. Copies will also be sent to Bishop Wingle, SEAC, Catholic School Council Chairs and the Regional Catholic School Council/PIC. The 2010-11 priorities will also be available at *niagaracatholic.ca*.

The timelines for the annual budget and system priorities have been aligned with the presentation of the Vision 2020 Strategic Plan in May. The schedule is available at *niagaracatholic.ca*.

HAPPY EASTER!

"And I, if I am lifted up from the earth, will draw all peoples to Myself." (John 12:32)

The January 27, 2009 Board meeting saw the launch of a new initiative at Niagara Catholic. The **School Excellence Program** is part of a series of new strategies within Niagara Catholic to increase the profile of our

schools and celebrate the success of our students and staff.

Each month, one Niagara Catholic school will have the opportunity to appear before the Board to celebrate their successes, share their plans for continuous improvement and showcase one "extraordinary item or initiative that makes the school an indispensable choice for parents."

Monsignor Aloysius Tenor Clancy was born in Toronto in 1887, and was ordained as a priest there in 1914.

He served as parish priest of Our Lady of the Holy Rosary in Thorold from 1943 through 1969, eventually being elevated to the position of Monsignor.

In recognition of Monsignor Clancy's years of dedication to the Thorold community, when a new Catholic school was built on Collier Road to serve students in Grades 6-8, it was named in his honour.

In response to requests from parents to have a high school in Thorold, A.T. Clancy closed in June 1989 and reopened the following September as Monsignor Clancy Catholic High School. A decade later, Monsignor Clancy was converted back to an elementary school, serving students in Grades 4-8, as it remains today.

Today, approximately 460 students attend class at Monsignor Clancy, led by Principal Greg Hulse, taught by 29 teachers and aided by an active support staff.

The Monsignor Clancy school community has a strong connection to Holy Rosary Church. Once a month, staff and students travel to church for a school-wide mass, but Monsignor Clancy school also has a chapel which parish priests visit weekly to offer reconciliation and lead teaching mass.

Monsignor Clancy is one of the Niagara Catholic schools offering the "Intensive French" program to Grade 6 students. From September through the end of January, students learn in French for 300 minutes each week. Students who participate in the program then move on to the next level of study in Grades 7 and 8.

Next year, Grade 8 students will begin a special French course at Denis Morris Catholic High School. There are currently two Monsignor Clancy students living with families in France, and they hope to be bilingual when they return home to Canada in April.

Top: Mass is an integral part of life at Monsignor Clancy Catholic Elementary School. Students regularly travel to Holy Rosary Church to attend services.

Below: Each year, Grade 7 students travel to the National Capital region to see government in action.

At top left, sports is a big part of life at Monsignor Clancy Catholic Elementary School. All members of the team are key players, from the team captain to the mascot. (Top right) Monsignor Clancy is active in the arts. Each year students put on a play in three languages, plus students also star in annual talent show. (Centre left)Wacky Hat Day is one of the many events held at Monsignor Clancy Catholic Elementary School to raise money for various causes. (Bottom left) Monsignor Clancy has an active Green Team that helps ensure staff and students do the best for the environment. (Bottom left and right) Learning takes place in many ways, from traditional classroom settings to computer labs and even the kitchen.

Using the most recent standardized Grade 6 test results, staff at Monsignor Clancy has set a goal of improving student literacy so that 70 per cent of students have an excellent grasp of how to answer open-response questions.

Continued

A similar goal has been set for numeracy. Teachers are encouraged to use three-part lesson plans to ensure that all students are able to better grasp concepts they are taught.

There is a close bond between Monsignor Clancy and Denis Morris. In addition to having Grade 8 students attend French classes at their future high school, staff work closely with DM staff to help lead students on the best pathway to help them complete their Niagara Catholic education.

As a former secondary school, Monsignor Clancy is Niagara Catholic's only elementary school with a dedicated auditorium and a cafeteria offering healthy catered meals. Monsignor Clancy is also home to a CyberQuest program, which is used by other Niagara Catholic schools.

Sports and the arts share the stage at Monsignor Clancy. The school has strong sports teams and intramural sports activities. As well, each year Monsignor Clancy hosts a talent show and puts on a play in three languages - English, French and Italian. Last year, students performed *Pinocchio*. This spring, students will present *The Emperor's New Clothes*.

The environment is important to staff and students at Monsignor Clancy, and the school has an active Green Team environmental club.

Students are also involved in serving the community by taking part in food drives at Thanksgiving, Christmas and Easter, supporting St. Vincent de Paul, the Niagara Peninsula Children's Centre, the Terry Fox Run and the Holy Childhood Association. As part of the school's social justice initiatives, students have also adopted a foster child in Africa.
