### STAFF DEVELOPMENT DEPARTMENT PROFESSIONAL DEVELOPMENT OPPORTUNITIES

---

---

#### BACKGROUND INFORMATION

In alignment with Niagara Catholic’s Multi-Year Strategic Plan, the Department of Staff Development, as an integral aspect of its mandate, acts as the point of co-ordination among various departments. Thus ensuring that all professional development opportunities for staff, both teaching and non-teaching, occur in a seamless fashion to minimize disruptions to the myriad services provided within our Niagara Catholic community. The following is a listing of activities occurring during the period May 14, 2024 through June 11, 2024.

#### Aspiring Leaders Program (ALP)

**Date:** May 23, 2024

**Location:** Holy Rosary Catholic Elementary School

**Session:** The Power of Healthy Tension

#### **Description:**

Leading in a World of Increased Polarization and Complexity: As leaders, we often treat every challenge as a problem to be solved, with a right or wrong answer. Encourage a change or preserve stability? Lean into structure or choose more flexibility? Focus on work or prioritize home? But this “either/or” thinking is a dangerous trap! To be more effective— both at work and at home — we need to realize that many of life’s challenges are tensions to be managed. This workshop provides a simple framework that allows teams and leaders to tap into the power of “both/and” thinking. By doing this, we gain a massive competitive advantage, and move from surviving to thriving. This workshop provides a simple framework that allows teams and leaders to tap into the power of “both/and” thinking. By doing this, we gain a massive competitive advantage, and move from surviving to thriving. You will also gain strategies to effectively promote and implement diversity, equity and inclusion within your teams.

#### Secondary MLL Professional Learning Session

**Date:** May 28, 2024

**Location:** Catholic Education Centre

#### **Description:**

Niagara Catholic is committed to fostering inclusive, equitable and safe school communities where all are welcomed. We strive to develop and honour a culture of respect, acceptance, and belonging. An asset-based approach to teaching students who are learning English Language acquisition skills, involves a shift in language. Students, who are newcomers to Canada are often fluent in more than one language. Multilingual Language Learners (MLL) will be used to replace ESL. All secondary MLL educators will be participating in a full day learning session on Tuesday, May 28, 2024 from 8:30 a.m. - 2:30 p.m. This professional

development meeting will focus on building capacity on using evidence based instructional approaches to ensure MLL students are well supported in the development of word-level reading skills.
