

Holy Name Catholic Elementary School

FEBRUARY 2025

Heavenly Father,

In this month of February, we turn our hearts and minds to the Holy Family—Jesus, Mary, and Joseph. We ask for their intercession and guidance as we strive to live in love and unity within our school community.

Grant us the grace to follow Your example of humility and obedience. Help us to be kind and compassionate to one another, reflecting Your love in our daily interactions. Teach us to be patient and understanding, and to support each other in times of need. May we always seek to do God's will with a joyful heart.

Inspire us to work diligently and faithfully in our studies and responsibilities. Help us to be respectful and considerate, fostering a spirit of cooperation and harmony. Together, may we grow in faith, hope, and love, building a community that honours God and serves others.

We ask this through Christ our Lord.
Amen

Parking Lot Safety

We ask that you exercise extreme caution when driving in our very busy parking lot, especially during the morning and at dismissal at the end of the day. Anaphylaxis Policy

At the beginning of every school year, we remind all students and parents/guardians of our Board's Anaphylaxis Policy.

At Holy Name Catholic School we have Emergency Procedures, which clearly state what medical procedures must occur for those students who have various life-threatening medical conditions.

We are reminding all students and parents/guardians that we have students in our school who are known to have a potentially life-threatening allergy called Anaphylaxis.

Anaphylaxis is a serious allergic reaction that is rapid in onset and may cause death. While fatalities are rare, anaphylaxis must always be considered a medical emergency requiring immediate treatment.

Symptoms of anaphylaxis generally include two or more of these four body systems: skin, respiratory, gastrointestinal and/or cardiovascular. However, low blood pressure alone (i.e. cardiovascular system), in the absence of other symptoms, can also represent anaphylaxis. Breathing difficulties and low blood pressure are the most dangerous symptoms and both can lead to death if untreated. Anaphylaxis is an unpredictable condition as signs and symptoms can vary from one person to the next and from one episode to another in the same person.

In Canada, the most common food allergens that cause anaphylaxis are: peanut, tree nuts (almonds, Brazil nuts, cashews, hazelnuts, macadamia nuts, pecans, pine nuts, pistachios, and walnuts), milk, egg, seafood (fish, shellfish, and crustaceans), soy, wheat, mustard and sulphites (a food additive).

Anaphylaxis requires immediate first aid response and immediate medical intervention

Reminders

NUT SAFE SCHOOL

Holy Name is a Nut Safe School. Please be aware that there are children in our school who have severe allergies to nuts and foods containing nut by-products. NASK (Niagara Anaphylaxis Support and Knowledge) recommends parents read and become familiar with food labels and check ingredient contents. Please send only foods that are peanut and nut safe.

Medication at School

Students who require medication to be administered at school must submit the appropriate forms signed by a doctor prior to them being administered by staff. Medication will be stored in a secure location and tracking sheets will kept in the Vice-Principal's office.

February is Black History Month

“Black Legacy and Leadership: Celebrating Canadian History and Uplifting Future Generations.”

Each year, Black History Month is an opportunity to celebrate the achievements of Black communities in Canada, listen to their stories, and learn more about their history and contributions to Canadian society.
