Alexander Kuska K.S.G. Catholic School Mission Statement

As a community of faith, the mission of Alexander Kuska Catholic Elementary School is to work in partnership with the home and the parish to provide a Christ-centered learning environment which allows students to grow spiritually, to strive for academic excellence and to become responsible citizens with a love of learning.

Prayer for April

Jesus, as we reflect on Your sacrifice we are reminded of Your staggering humility and the depth of Your love for Your people. You allowed Your creation to mock You and condemn You, even as You took our punishment on Yourself to save us. May we rejoice greatly that You came to us and bridged the gap that we couldn't, and may we learn to love others above ourselves. Amen.

Speakers often ask, "Do you follow me?" to make sure you understand.

You can hear someone speaking, but to truly understand them, you have to listen. We often hear the words of Jesus in the Bible, at school, and during Mass. But are we taking the time to really follow what Jesus is saying? Jesus calls each of us to follow Him. Part of following Jesus means listening to His words, understanding His message, and living it out each day. What's one way you can follow Jesus more closely? How will you start building that habit today?

~~~ Niagara Catholic District School Board Mission Statement ~~~

We are a Christ-centered Catholic community that celebrates diversity and fosters spiritual growth, inspiring all to reach their full potential in mind, body and spirit.

Eco Schools

We have several Eco Schools initiatives for the month of April!

April is Repurpose & Recycle Month at Kuska!

All month long, Alexander Kuska will be collecting *used batteries, empty ink cartridges, and end-of-use markers* to help reduce waste and protect the environment. These items can't be recycled through our regular blue bins, so we're working with trusted partners to make sure they're handled properly.

Students are encouraged to bring these items from home and drop them off in the labelled collection bins located around the school. Our Eco Team will be tracking how much we collect and celebrating our progress!

By working together, we can help keep these items out of landfills and give them a second life. Let's make April a month of action and care for our planet! 
#KuskaEcoTeam #KuskaCares #RepurposeRecycleReuse

For more information, please contact your child's teacher or the school office.

Let's Fight Food Waste at Kuska!

This April, Alexander Kuska is launching a *Food Waste Awareness Campaign* to help reduce avoidable food waste and protect our planet. Did you know that nearly 60% of food in Canada is wasted—and much of it is still perfectly good to eat?

Avoidable food waste happens when we throw away food that could have been eaten, like uneaten snacks or not using all the edible parts of fruits and vegetables. When food ends up in landfills, it creates methane gas, a harmful greenhouse gas that contributes to climate change.

To take action, students and staff will be learning about the impacts of food waste and taking a *school-wide pledge* to reduce it. We'll be encouraging simple habits like packing only what you plan to eat and using up all the edible parts of your food.

Together, we can build better habits and help Canada reach its goal of net-zero emissions by 2050!  #KuskaGoesGreen #FightFoodWaste #Project2050
