### SPEECH & HEARING MONTH

Throughout the day you talk to family, friends, and colleagues. You use your hearing and speech all the time. You probably take them for granted. Imagine not being able to communicate simple thoughts like "Thank you" or "Tell me a story." For many Canadians with speech and language disorders, this is reality. For them, words don't come easily. But when is the last time you really thought about it? May is Speech and Hearing Month, the perfect time to communicate some important information about hearing and speech. One in 10

Canadians has a hearing, speech, or language problem, a condition that makes it difficult to communicate with others. Anyone, of any age, can have or develop an impairment of the ability to hear, speak, or understand effectively. At any time, illness or accidental injury can impair your ability to hear and talk. Treatment to eliminate or minimize communication problems is available. Speech, language, and hearing disorders are treatable and early detection is a major contributor to speedier recoveries, shortened treatment periods, and reduced costs for individuals and society alike. Early detection of communication disorders is vital! If you suspect a hearing, speech, or language problem, contact a communication specialist such as a Speech-Language Pathologist, Communication Disorders Assistants or Teacher of the Deaf and Hard of Hearing. A listing of Audiologists and Speech-Language Pathologists is available by contacting the College of Audiologists and Speech-Language Pathologists of Ontario (CASLPO) at 1-800-993-9459 or visit [www.caslpo.com](http://www.caslpo.com). To learn more about the importance of early detection and intervention of communication disorders, and the role of speech-language pathologists, audiologists and communicative disorders assistants visit [www.asha.org/public](http://www.asha.org/public), Speech-Language & Audiology Canada (SAC) [www.maymonth.ca](http://www.maymonth.ca) or <https://identifythesigns.org>.

**NCDSB Athletic Participation /Acknowledgement of Risk Form (Gr. 4-8 students only)** - This form explains risks associated with participation in activities happening on school property and allows parent to indicate preferences regarding a child's participation in day-to-day activities (ie. intramurals, sports team tryouts, etc).

### ANAPHYLAXIS AWARENESS

All classroom at St. James are peanut, tree nut, sesame, seafood, coconut, pineapple, avocado and egg safe classrooms. No peanuts, peanut products, tree nuts or raw/cooked eggs are allowed at any time. We have many students with life threatening allergies to peanuts, peanut products and/or eggs. Please ensure that your child has thoroughly washed their hands after eating peanuts, peanut products or eggs for breakfast/lunch at home.

We must make every effort to ensure we do not contaminate our learning environment for these students. Please respect the safety of all students. Remember how you would want your child protected by their school community if your child had a fatal allergy.

### STUDENT AWARE INTERNET FILTER

This is just a reminder to families that all Niagara Catholic schools use a software program called "Student Aware". This program enables schools to monitor its student internet traffic while using Board internet devices. The "Student Aware" program will be identifying and notifying school staff when students access online websites related to suicide, violence, abuse and/or other dangerous activities that could be injurious to themselves and/or others. When high-risk incidents are identified, the occurrence will be investigated and school administration will respond accordingly to support student mental health and well-being.

### EMERGENCY SCHOOL CLOSURE PROTOCOL

While in the middle of the winter season, and as we hope that it doesn't come to this, it is important to remind all of our parents of the Emergency School Closing Protocol. The Niagara Catholic District School Board will make every attempt to keep schools open during periods of inclement weather. Only in exceptional circumstances will schools be closed part way through the day. In these rare cases, we will follow the procedure and prior information collected regarding the picking up of your children. If your contact information or pick-up arrangements have changed, you are asked to please contact Mrs. Dionne-Taylor at the office so the necessary updates can be made. Announcements concerning school closures or cancellations will be made on all local radio stations beginning at 6:00 a.m. You can also check the Board website at [www.niagaracatholic.ca](http://www.niagaracatholic.ca) as well as the board's social media accounts.

In accordance with the Safe Schools Act, all volunteers must be approved by the school principal.

Before volunteering in Niagara Catholic schools, all approved school volunteers (persons having direct and/or regular contact with students, supervising students, and/or participating in approved overnight educational field trips) must:

1. complete and submit the Volunteer Application Form (Appendix A)
2. provide an original Police Vulnerable Sector Check
  - ☐ An original Police Vulnerable Sector Check will be required at least once every five (5) years.
  - ☐ Approved volunteers will be reimbursed for a Police Vulnerable Sector Check required by the principal and/or the Board. Any additional requirements as a result of the Vulnerable Sector Checks will be the responsibility of the volunteer.
  - ☐ When a Police Vulnerable Sector Check is on file and renewal is not required, volunteers must complete and submit an Annual Offence Declaration (Appendix B). The annual offence declaration will stand as a legally binding document, in accordance with Regulation 521/01, as amended by Regulation 322/03.

### CELL PHONE USE IN SCHOOLS

To minimize distractions, students who bring their cell phones to school must have the phone stored out of view and turned off or onto silent mode during the instructional day. They may only use it if their teacher permits it for learning, for health or medical purposes, or to support special education needs. Outside of these times, students are expected to keep their phones turned off or on silent and have them stored away.

Social media platforms on school networks and board devices will be disabled. This is intended to limit the number of interruptions in class and to benefit the mental health and well-being of students. Niagara Catholic already blocks access to some social media sites. Now all will be unavailable to students on the board network during the school day.
