I said a Mother's day prayer for you

you've shown me through the years,  
for the closeness we've enjoyed  
in time of laughter and of tears.

So I thank you from the heart

## MAY HOT LUNCH DATES

May 1, 8, 15, 22, 29 – Carmine's Pizza

May 6 and May 20 – Subway

May 13 and May 27 – Weko Sushi

Dear Parents and Guardians,

As we are quickly approaching Catholic Education Week 2025, we are called to be “Pilgrims of Hope” It is during this time that we are reminded to be ever thankful of all the blessings that we have been given. It is also a time to remember those who are in need. St. Vincent de Paul Catholic Elementary School has been a proud supporter of the St. Vincent de Paul Society since we opened our doors 20 years ago. It is in this spirit of giving that we are contributing to their “North of 60” project. This project continues to provide food security to those living in the Arctic. Since 2010 the Society members have been providing food, household items, beds and bedding, sewing machines and fabric as well as other items requested from members of the nine communities that they serve.

Each participating school has been assigned one type of food to donate. St. Vincent de Paul School has been asked to bring in **apple sauce (family size and snack packs)**.

**Our food drive will run from Monday, May 5th-Friday, May 16th, 2025.** At that time all food donations will be boxed up and delivered to the St. Vincent de Paul Society where it will then be shipped to the communities in need in the Arctic.

We thank you in advance for supporting this amazing cause.

Sincerely,

St. Vincent de Paul Catholic School Staff

Charity is the cement which binds Communities to God and persons to one another...

## May 2025

### Vision Health Month

Visual health is an important part of a child's overall health and well-being. Proper vision is important for a child's movement and coordination, independence, play and learning. If left untreated, vision problems may become serious and prevent a child from reaching their full potential.

A yearly eye exam is **FREE** – the Ontario Health Insurance Plan (OHIP) covers the cost of an eye exam every 12 months for children up to the age of 19 with a valid OHIP card. [Find an eye doctor near you.](#)

Also, contact an eye doctor if you see **ANY** of these signs:

- |  |   |
|--|---|
| • Squinting or holding objects close to the eyes | • One eye that turns out or in              |
| • Blinking often                                 | • Rubbing, tearing, itchy or burning eyes   |
| • Turning or tilting the head to the side often  | • Reporting blurry or double vision         |
| • Covering or closing one eye                    | • Reporting headaches, nausea or eye strain |

For more information on vision screening, please visit

<https://www.niagararegion.ca/health/schools/vision-screening.aspx>.

### Welcome to Kindergarten!

**Do you have a little one starting Kindergarten?**

Public Health works in partnership with teachers, support staff, students, and parents to build a healthier school community.

Parents and legal guardians of junior and senior kindergarten registrants and students new to Ontario are asked to report their vaccinations to [Public Health](#).

## Head Lice

Students are now back into the swing of things and spending lots of time with friends and classmates during school and after school. Lice can spread regardless of a student's age. Head lice are spread by direct head-to-head contact or by sometimes sharing items like combs, brushes, hats, pillows, etc. Anyone can get head lice, it's not a sign of poor personal hygiene or an unclean environment.

Check out School Health's new webpage on head lice for more information: [Head Lice - Niagara Region, Ontario](#)

## NEW Quit Vaping Program for Youth

The Centre for Addiction and Mental Health (CAMH) is excited to launch **Youth-Vaping, Substance use, and Technology (VAST)**. Youth-VAST is a program for youth in Ontario who are using vaping, substances, or feel like technology is taking up too much of their time. This program brings together existing and new resources across CAMH to deliver virtual services directly to youth and their family.

- Program offered for youth ages 12-21 years.
- Appointments are offered virtually for youth all over Ontario
- Youth will be assigned a care coordinator to create a customized treatment plan
- Individuals can self-refer directly into this program, no physician referral required.

To refer, visit [Youth-VAST](#) to book an appointment. For more information you can email [youth.vast@camh.ca](mailto:youth.vast@camh.ca).

## May is Rabies Awareness Month

During Spring, wildlife activity increases and so does the potential for rabies exposures. Rabies is a serious and fatal disease that affects the brain and spinal cord of mammals, including humans.

To prevent rabies, avoid any contact with wild animals, especially those that appear sick. Although they may seem cute, do not feed wild animals and most importantly, make sure to have your pets vaccinated.
