- ~~6.~~5. All Supervisory personnel are responsible for ensuring their immediate staff are properly informed of and comply with this policy, its regulations and procedures.
- ~~7.~~6. Personal purchases on behalf of an employee, elected official or family member, the requirement for which is not for the Board or any of its purposes, are not permitted.
- ~~8.~~7. Unauthorized purchases will be considered an obligation of the person making the purchase and not an obligation of the Board.
- ~~9.~~8. Employees of the Board may not promote or sell goods or services for compensation to any board, provincial school or teachers' college, or pupil enrolled therein, except as permitted by the Education Act.

- ~~10~~.9. Any arrangements which might prevent, or appear to prevent, fair, open and transparent competition shall be avoided in order to ensure open competition among qualified bidders.
- ~~11~~.10. Lobbying, during a competitive procurement call, is prohibited. An official point of contact shall be named and communication with anyone other than the official point of contact from the time of issuance, up to and including the time of award, is prohibited.
- ~~12~~.11. Any vendor/proponent who violates the lobbying prohibition will be subject to disqualification from the current and future procurements, at the Board's discretion.

A. CRITERIA DETERMINING PURCHASING (PURCHASING/SUPPLY CHAIN MANAGEMENT) PROCESS

The ~~Administrator~~ ~~Manager~~ of Purchasing – Supply Chain Management, in consultation with the initiating member of Senior Staff, Principal or ~~Administrator~~ ~~Administrator~~ ~~Manager~~, shall consider the following criteria in determining the acquisition process to be followed in the procurement of all applicable Goods and Services:

1. Where the required Goods or Service can be specified, the Tender or Quote process shall apply.
2. Where only the need can be specified rather than the specific product or service to fill the need, the Proposal process shall apply. The Proposal process may include the process of pre-qualification.
3. Where professional or consulting services are being requested, the Proposal process shall apply.

B. NON COMPETITIVE PROCUREMENT

When a non-competitive procurement purchase is proposed, the following procedures must be followed:

1. The member of Senior Staff will ensure that the Goods and Services are procured by the most open market procedure practicable under the circumstances.
2. Documentation, including a ~~n~~Non-Competitive ~~A~~approval form, explaining the nature of the situation and the actions taken will be forwarded, with a purchase requisition, to the Purchasing/Supply Chain Management Department ~~and a copy sent by the originator to the Superintendent of Business & Finance.~~
3. Purchase orders shall not be issued without the required documentation.

Exemptions: Purchases not requiring competitive procurement.

~~Exempt Transactions:~~

- i) Student Trips / Extracurricular Activities: single or multi-day class field trips or excursions;
- ii) Speakers, performers, or royalty fees for school or system events;
- iii) Teaching materials purchased at book fairs and conferences;
- iv) Registration ~~at~~for conferences/seminars
- v) Payment of professional or organizational membership dues;
- vi) Purchase of periodicals or professional journals or publications;

- vii) Publisher Textbooks – purchase made directly from the company that owns the rights to the textbook (print or electronic) and is responsible for its development and distribution, within the scope of the Ministry of Education Ontario Curriculum;:-
- viii) Research, legal services, public relations & advertising, actuarial services, leased/rental facilities;:-
- ix) Purchases of Goods for resale;:-
- x) Employment contracts.
- i)xi) **Utility payments**
- ii)xii) **Government agencies and Crown Corporation payments – MTO licensing, Technical Standards & Safety Association, Electrical Safety Authority, public transportation tickets, etc.**

Purchase by Negotiation

Purchase by negotiation shall apply when, in the judgment of the ~~Administrators Manager~~ of Purchasing – Supply Chain Management, in consultation with the initiating member of Senior Staff, Principal or ~~Administrator Manager~~, any of the following conditions exist:

1. Due to market conditions, Goods are in short supply.
2. There is only one known source of the Goods or Services.
3. Two or more identical low bids have been received.
4. The lowest bid received substantially exceeds the estimated cost of the Goods.
5. All bids received fail to comply with the specifications, tender terms and conditions, and it is impractical to recall Tenders
6. The extension or revision of an existing contract would prove more cost effective or beneficial. Same must be duly authorized by a “Change Order” and documentation sent to Purchasing.
7. A single source or sole source is being recommended because it is more cost effective or beneficial for the Board.
8. Purchase of an item where compatibility with an existing product, service or program is an overriding consideration.
9. When only one Bid is received through the tendering system.

Formal documentation must be completed and authorized by the Superintendent of Business and Finance, in order to support and justify the decision to Purchase by Negotiation.

Blank Purchase Orders

Blanket purchase orders are authorized by Purchasing Services and are intended to be used for miscellaneous goods and/or services where tenders or quotations have not been issued or where actual quantities to be purchased are unknown. Blanket purchase orders will have a maximum dollar limit, be restricted to approved users and for a defined time period. Any purchase over the defined maximum limit will require quotation as noted and will require a unique purchase order. Vendor invoices over the predetermined limit will not be paid against a blanket purchase order.

Emergency Purchasing

Emergency Purchasing shall apply when a member of Senior Staff verifies that the procurement of Goods and/or Services is necessary to prevent, or correct, dangerous or potentially dangerous safety conditions, serious delays, or further damage, or to restore minimum service.

Non-Competitive Procurement (exemptions from the Competitive Process)

In certain unique circumstances, the Board will not have the ability to go through a competitive process activity. The Purchasing/Supply Chain Management Department would then go directly to one supplier to meet the requirements of the Board. There are two main types of direct awards:

Single Sourcing – is the use of non-competitive procurement process to acquire goods, services or construction from a specific supplier even though there may be more than one supplier capable of delivering the same Goods, Services or Construction.

Sole Sourcing – means the use of a non-competitive procurement process to acquire Goods or Services where there is only one available supplier for the source of Goods or Services.

Single Sourcing

Allowable exceptions for competitive procurements include:

1. Where an unforeseen situation of urgency exists and the Goods, Services or Construction cannot be obtained by means of open procurement procedures. Where a non-competitive procurement is required due to an urgent situation, the Board may conduct the procurement prior to obtaining the appropriate approvals, provided that the urgency has been justified in writing (see Emergency Purchasing).
2. Where Goods or consulting Services regarding matters of confidential or privileged nature are to be purchased and the disclosure of those matters through an open competitive process could reasonably be expected to compromise confidentiality, cause economic disruption or otherwise be contrary to the public interest.
3. Where a contract is awarded under a cooperation agreement that is financed, in whole or in part, by an international organization only to the extent that the agreement includes different rules for awarding contracts.
4. Where construction materials are to be purchased and it can be demonstrated that transportation costs or technical considerations imposed geographic limits on the availability of the supply base, specifically in the case of sand, stone, gravel, asphalt compound and pre-mixed concrete for use in the construction or repair of roads.
5. Where an open competitive process could interfere with the organization's ability to maintain security or order or to protect human, animal or plant life.
6. Where there is an absence of any bid in response to an open competitive process that has been conducted in compliance with this document.
7. Where only one supplier is able to meet the requirements of procurement in the circumstances (Sole Sourcing).

Sole Sourcing

~~In accordance with the Agreement on Internal Trade (AIT), in the situation where only one supplier is able to meet the requirements of procurement, the Board may use the following Sole Source method:~~

1. To ensure compatibility with an existing product, to recognize exclusive rights, such as exclusive licenses, copyrights and patent rights, or to maintain specialized products that must be maintained by the manufacturer or its representative.
2. Where there is an absence of competition for technical reasons and the Goods or Services can only be supplied by a particular supplier and no alternative or substitute exists.
3. For the procurement of Goods or Services, the supply of which is controlled by a supplier that is a statutory monopoly.
4. For the purchase of Goods on a commodity market.
5. For work to be performed on or about a leased building or portions thereof that may be performed only by the lessor or its authorized work force.
6. For works to be performed on property by a contractor according to provisions of a warranty or guarantee held in respect of the property or the original work.
7. For a contract to be awarded to the winner of a design contest.
8. For the procurement of a prototype or a first Good or Service to be developed in the course of and for a particular contract for research, experiment, study or original development, but not for any subsequent purchases.
9. For the purchase of Goods under exceptionally advantageous circumstances such as bankruptcy or receivership, but not for routine purchases.
10. For the procurement of original works of art.
11. For the procurement of subscriptions to newspapers, magazines or other periodicals.
12. For the procurement of real property.

Formal documentation must be completed to support and justify the decisions above. This documentation must be completed and approved by the appropriate authority levels within the Board and may be used as supporting documentation in the case of a competitive dispute.

~~C. COMPETITIVE PROCUREMENT/ACQUISITION PROCESS~~

~~The following acquisition process indicates the methodology to be applied by the Purchasing/Supply Chain Management Department within the outlined source selection techniques, taking into consideration the following dollar procedures:~~

- ~~Zero (0) and less than \$2,500.00 — at the discretion of the originator~~
- ~~More than \$2,501.00, and less than \$50,000.00 — at least three (3) written quotes~~
- ~~More than \$50,001.00, and less than \$100,000.00 — at least three (3) written quotes~~
- ~~More than \$100,000.00 — Tender/Request for Proposal — Purchasing Department~~

~~No contract or purchase shall be divided to avoid the requirements of these procedures, and the annual or total project requirement shall be considered.~~

DC. ADVERTISING OF BIDS

Advertising of Bids shall be conducted through the Purchasing/Supply Chain Management Department utilizing an electronic Website. Bids must be advertised **as per all Provincial and National Regulations**, for a period of 15 calendar days for procurements valued at \$100,000 or more. Any addenda must be issued at least seven days PRIOR to the closing date of the Bid. Questions and addenda are posted in the same manner as the competitive documents when advertised to the market and therefore shall be made available to all potential proponents. The Board must ensure that the closing date of the Bid is set on a normal working day (Monday to Friday, excluding provincial and national holidays). Submissions that are delivered after the closing time will not be considered and will be returned unopened.

The Board abides by and is governed by legislation and trade agreements with respect to procurement listed below:

- ~~Agreement on Internal Trade (AIT)~~
- ~~Ontario-Quebec Procurement Agreement~~
- ~~Canadian Law of Competitive Processes and Contract Law~~
- ~~Freedom of Information and Protection of Privacy Act (FIPPA)~~

~~*Note: Construction Competitive Contracts can be processed through an electronic tendering system and/or one of the following methods: Publication in one or more predetermined daily newspapers that are easily accessible to all Canadian suppliers; or the use of source lists, such as Vendor of Record (VOR) or preferred supplier lists.~~

~~Agreement on Internal Trade (AIT)~~

~~AIT regulates trade between the provinces to ensure equal access to public sector procurement for all Canadian suppliers. Thresholds are as follows for competitive processes which would include using electronic tendering systems, advertisements in daily newspapers or other source lists: School Boards – Goods \$100,000.00, Services \$100,000.00, Construction \$250,000.00~~

~~Ontario/Quebec Procurement Agreement~~

~~Similar to the AIT, the Ontario/Quebec Procurement Agreement regulates trade between Ontario and Quebec to ensure equal access to public sector procurement for local suppliers. Thresholds are as follows:~~

- ~~School Boards – Goods \$100,000.00, Services \$100,000.00, Construction \$100,000.00~~

~~Canadian Law of Competitive Processes and Contract Law~~

~~When the Board conducts a solicitation, the law of competitive processes applies. The receipt of Tenders and in some cases Proposals, during a competitive procurement process may result in the formation of a Bid contract (Contract A) between the Board and the proponent. The Board is obligated to take special care to understand the obligations that are made in soliciting Bids, such as rejecting non-compliant Bids and not deviating from the process described in the Bid documents.~~

~~The Board shall not breach Contract A by providing information or changing the specifications during the competitive process to unfairly benefit a particular bidder, or enter into side negotiations with any bidder in an effort to obtain more desirable contract conditions. When the Board enters into a contractual agreement with a supplier (Contract B), the agreement creates obligations on both parties and is subject to applicable contract law, including accepted meanings and interpretations of enforceability, non-performance, breach of contract and remedies that may occur from time to time.~~

~~All contract documents, competitive procurement process and any correspondence or supporting information relating in any way to a competitive procurement process are subject to subpoena by a Canadian court of law. The Board, through specified individuals, would be compelled to defend or otherwise explain documents in court.~~

Municipal Freedom of Information and Protection of Privacy Act (MFIPPA)

The purpose of MFIPPA is to make Boards accountable to the public and to protect personal privacy. MFIPPA accomplishes these purposes by:

- Providing the public with a right of access to records within the Board's custody or control
- Preventing the unauthorized collection, use and disclosure of personal information.

All notes, e-mails, memos, letters or any other documentation relating to a competitive procurement process are ordinarily subject to MFIPPA requests. Freedom of Information requests can be made for information on tendering and administration of contracts. Any record, so requested, must be disclosed in its entirety unless MFIPPA exceptions to disclosure apply to all or part of the request.

~~E. APPROVAL AUTHORITY LIMITS~~

~~The Approval Authority Limits outlined in the Purchasing/Supply Chain Management Policy will be reviewed and updated as necessary, with the approval of the Board.~~

- ~~1. Tenders for the Board shall be issued and received by the Manager of Purchasing/Supply Chain Management and opened in public, if specified in the Tender document. Tenders shall be opened, bid amounts recorded, sureties and other requirements of the Tender confirmed (if applicable), and Bid amounts entered on the Summary of Bidders Sheet. After all Bids have been recorded on the Summary of Bidders sheet, it shall be initialled by at least two Supply Chain Department members. Evaluation team members will be advised of the restrictions related to confidential information shared through the competitive process and refrain from engaging in activities that may create, or appear to create, a Conflict of Interest. The Board will have team members sign a Conflict of Interest Declaration and Non Disclosure Agreement. All Tenders received for the purchase of Goods and Services, * with the exception of construction contracts, shall be tabulated, analyzed and awarded by the Manager of Purchasing/Supply Chain Management, in consultation with the initiating member of Senior Staff, Principal or Manager.~~
- ~~2. Where market conditions are such that price protection cannot be obtained for Goods and Services having an annual total value in excess of \$100,000.00, the Manager of Purchasing/Supply Chain Management shall obtain competitive prices for short term commitments until such time as reasonable price protection and fair marketing pricing is restored.
* NOTE: All New School Construction Tenders are approved by the Board.~~

~~3. Proposal Calls~~

~~To be used:~~

- ~~1. When only the need can be specified rather than the specific product or service to fill the need;~~
- ~~2. When it is not practical to prepare precise specifications which permit bids of readily comparable products or services. The acquisition regulations governing the use of Proposal calls are similar to the Tender process outlined earlier in this document. However, it is recognized that there is more lead time and effort involved in a Proposal process than there is for a Tender.~~
- ~~3. Where it has been determined by the Manager of Purchasing/Supply Chain Management, in consultation with the initiating member of Senior Staff, Principal or Manager, that the Proposal acquisition method is adopted, and where it is estimated that Goods and Services will cost more than \$100,000.00, the Manager of Purchasing/Supply Chain Management, in consultation with the initiating member of Senior Staff, Principal or Manager, may determine whether to;~~

- Issue a “Request for Proposal” and establish a Selection Committee for the purpose of Proposal review, or
- Advertise a “Request for Information” in publications of general circulation/Website and establish a Selection Committee for review purposes. Once this process has been completed, a Tender/Proposal may be issued to vendors and the Selection Committee would reconvene to review the Bids and determine the award. The Board is under no obligation to award a contract based on informational gathering activities, such as an RFI.

Request for Expressions of Interest (RFEI)

The purpose of an RFEI is to gather information on supplier interest in an opportunity or information on supplier capabilities/qualifications. This mechanism will be used by the Board when wishing to gain a better understanding of the capacity of the supplier community to provide the services or solutions needed. Information collected can also facilitate selecting the best possible competition method for a follow-up competition. NOTE: A response to an RFI or a RFEI MUST not pre-qualify a potential supplier and MUST not influence a supplier’s chance of being the successful proponent on any subsequent opportunity.

Request for Supplies Qualifications (RFSQ)

The purpose of an RFSQ is to gather information on supplier capabilities and qualifications, with the intention of creating a list of pre-qualified suppliers. This mechanism may be used either to identify qualified candidates in advance of expected future competitions or to narrow the field for an immediate need. The purpose of this process is to reduce subsequent effort devoted to the competitive process (i.e. Bid preparation on the part of suppliers and evaluation on the part of the Board). An RFSQ can be used to understand which potential proponents have the capabilities that the Board requires, as the first stage in a two-staged solicitation (followed by either a Request for Proposal or a Request for Tender), whereby only pre-qualified suppliers will be invited to respond to the actual competition. This can make the number of responses and the evaluation process more manageable for the Board evaluators, while allowing unqualified proponents to avoid the effort and expense of preparing a complete competitive response. An RFSQ can also be used to pre-qualify suppliers who are interested in supplying Goods or Services in the future, if and when requested. The typical result of this procedure is referred to as a Vendor of Record (VOR) or a preferred suppliers list. An RFSQ document specifically defines the type of materials or services included as part of the process and sets upper limits to the value of future awards. Further, the document will clearly indicate the time duration the list is to be valid; the methods by which suppliers can be placed on the list and what specific intervals opportunities for being qualified will come up. The document will also indicate that suppliers who do not participate in the pre-qualification or do not appear on the list may be excluded from opportunities. If the VOR or preferred supplier list is to be used for procurement valued at \$100,000.00, a supplier that meets the conditions for registration on the list must be able to register at any time. The RFSQ must contain specific language to disclaim any obligation on the part of the Board to actually call on any supplier as a result of the pre-qualification to supply such Goods or Services.

FD. CONTRACTS/LEASES/AGREEMENTS

Contracts, leases and agreements will be processed in accordance with the Approval Authority Limits, as specified in the Purchasing/Supply Chain Management Policy.

GE. SEGREGATION OF DUTIES

Budget(s) – authorized and approved by the Board on an annual basis. The Budget department forward/allocates budgets to originators (Schools Administrators/Department ~~Manager~~ Administrators).

Requisition(s)/Commitments – authorized by the budget holder (Schools/Departments) and forwarded to the Purchasing/Supply Chain Management Department for acquisition purposes.

Receipt(s) – authorized by the budget holder (Schools/Departments) and forwarded to the Expediting Department for receiving purposes.

Payment(s) – authorized by the budget holder (Schools/Departments) and forwarded to the Accounts Payable Department for verification of prices, matched with the receipt, then processed for payment by the Accounts Payable Department.

HF. EVALUATION OF BIDS

All information regarding timelines of Bids, Bid receipts, evaluation criteria, evaluation methodology and process, selection process, tie score process, fixed evaluation criteria, evaluation matrix, conflict of interests, and dispute resolution process are contained within the terms and conditions of the individual Bid and the Bid specifications. Evaluation methods and processes to be used in assessing the bidder's submission must be fully disclosed and must not discriminate or exercise preferential treatment in awarding a contract to a supplier as a result of a competitive procurement process.

The Board must then select only the highest ranked submissions that meet all mandatory requirements set out in the related procurement documents. Alternative strategies or solutions NOT requested in the original procurement documents will not be accepted unless expressly requested in the original procurement documents.

- The Board is entitled to ask bidders for clarification on their Bid as long as it does not change their Bid in any way.
- Where Bids are received in response to a solicitation but exceed the Board's budget, are not responsive to the requirement or do not represent fair market value, a revised solicitation can be issued in an effort to obtain an acceptable Bid.
- If no Bids are acceptable and it is not reasonable to go through any other method, the Board may choose to negotiate directly with a chosen supplier.

~~Bidders will be notified of the rejection of their Bids in writing, as specified in the RFP or tender, as soon as practicable after completion of the evaluation.~~ With the exception of any pricing that was made publicly available at the time of a public opening, all submission evaluation details are subject to MFIPPA.

Evaluation records of procurement process must be fair, factual, fully defensible, auditable and kept on file in the Purchasing/Supply Chain Management Department.

Bids will be evaluated according to all relevant criteria contained in each particular Bid. The Board will evaluate Bids based on price, product quality, past performance, delivery and payment terms or any combination or additions thereof, at its sole discretion. The Board reserves the right to evaluate pricing based on the combined total cost of the items tendered or separately. Maximum justifiable weighting will be allocated to the price/cost component of the evaluation criteria.

Evaluation of Bids include, but are not limited to:

- (*) Bid is appropriately received
- Bid meets all mandatory requirements (compliant vs. non-compliant)
- Bid meets optional/desirable requirements
- schedule compliance
- skills/experience and capability
- price/quality/value analysis
- weights, sub-weights for rated requirements

- reference checks, oral interviews, demonstrations
 - any and all other criteria as listed within the Bid
- * Bid Receipt - The Board must ensure that the closing date is set on a normal working day. Submissions that are delivered after the closing time must not be considered and will be returned unopened. Each Bid must be stamped as it arrived with the date, time, location, company name and contact information. Bids are not opened until after the competitive process has closed. The Board has to ensure that there is at least one witness to view the Bid openings.

Evaluation criteria will be developed, reviewed and approved BEFORE the competitive process begins and contained within the Bid documents. Mandatory and any technical standards that need to be met have to be identified. The evaluation criteria cannot be changed or altered once the competitive process begins, with the exception of an addendum sent to all suppliers prior to Bid closing.

Evaluation Team

Every competitive process requires an evaluation team that will be responsible for reviewing all the compliant Bids. Evaluation team members will be selected and participation confirmed before the competitive documents have been posted. Board evaluation team members will have been included in the development of the evaluation criteria and general requirements. Each team member will complete an evaluation matrix rating each of the submissions in a fair, factual and fully defensible manner. Evaluation team members will be made aware of the restrictions related to confidential information shared through the competitive process and refrain from engaging in activities that may create, or appear to create, a Conflict of Interest. The Board will require team members to sign a Conflict of Interest Declaration and Non-Disclosure Agreement. The Board will require suppliers to sign a Conflict of Interest Declaration with each Bid submitted. The Board must consider any Conflict of Interest during procurement activities applicable to all employees, advisors, external consultants or suppliers.

Note: Consultants that are hired by the Board must be aware of the conflict of interest created when a consulting organization is involved in the development of the competitive documents and also has the ability to fulfill the procurement needs that are being contemplated in those competitive documents. The Board must be very clear and insist on documented agreements that any consultants involved in developing the competitive documents CANNOT be involved in the creation of the response to those competitive documents.

Employees, Consultants and Advisors who are on the Evaluation Team must also declare a Conflict of Interest. Employees, Consultants and Advisors are ultimately responsible and accountable for using good judgment in the exercise of the Board's duties and must:

- Disclose Conflict of Interest to the Board in writing to the ~~Manager~~ Administrator of Purchasing/Supply Chain Management
- Avoid situations that may present Conflict of Interest while working with persons doing business or seeking to do business with the Board.

Situations that might result in a Conflict of Interest are:

- Engage in outside employment
- Not disclosing an existing relationship that may be perceived as being a real or apparent influence on their objectivity in carrying out an official role
- Providing assistance or advice to a particular supplier participating in a competitive process
- Having an ownership, investment interest, or compensation arrangement with any entity participating in a competitive process
- Having a family member with an ownership, investment interest or compensation arrangement with any entity participating in a competitive process
- Having access to confidential information
- Accepting favours or gratuities from those doing business with the organization

Selection Process

The submission that receives the highest evaluation score and meets all mandatory requirements set out in the competitive procurement document must be declared the winning bid.

1. The Board will select Bids based on criteria contained within the Bid but shall not discriminate:
 - Between the Goods or Services of a particular province or region, including those goods and services included in construction contracts, and those of any other province or region; or
 - Between the suppliers of such Goods or Services of a particular province or region and those of any other province or region.
2. Except as otherwise provided, measures that are inconsistent with the above include the following:
 - The imposition of conditions on the invitation to compete, registration requirements or qualification procedures that are based on the location of a supplier's place of business in Canada, the place in Canada where the Goods are produced or the Services are provided, or other like criteria.
 - The biasing of technical specifications in favour of, or against, particular Goods or Services, including those Goods or Services included in construction contracts, or in favour of, or against, the suppliers of such Goods or Services for the purpose of avoiding the obligations of the Board.
 - The timing of events in the competitive process so as to prevent suppliers from submitting Bids.
 - The specification of quantities and delivery schedules of a scale and frequency that may reasonably be judged as deliberately designed to prevent suppliers from meeting the requirements of the procurement.
 - The division of required quantities or the diversion of budgetary funds to subsidiary agencies in a manner designed to avoid these obligations.
 - The use of price discounts or preferential margins to favour particular suppliers.
3. The Board shall not impose or consider, in the evaluation of bids or the award of contracts, local content or other economic benefits criteria that are designed to favour:
 - The Goods and Services of a particular province or region, including those Goods and Services included in construction contracts; or
 - The suppliers of a particular province or region of such goods or services.
- ~~4. Except as otherwise required to comply with international obligations, the Board may accord a preference for Canadian value added, subject to the following conditions:
 - The preference for Canadian value added must be no greater than 10 per cent.
 - The organization shall specify in the call for competition the level of preference to be used in the evaluation of the Bid.
 - All qualified suppliers must be informed through the call for competition of the existence of the preference and the rules applicable to determine the Canadian value added.~~
- ~~5. Except as otherwise required to comply with international obligations, the Board may limit its competition to Canadian goods, Canadian services or Canadian suppliers, subject to the following conditions:
 - The Board must be satisfied that there is sufficient competition among Canadian suppliers.
 - All qualified suppliers must be informed through the call for competition of the existence of the preference and the rules applicable to determine Canadian content.
 - The requirement for Canadian content must be no greater than necessary to qualify the procured Goods or Services as a Canadian Good or Service.~~

I. G. CONTRACT AWARDS & MANAGEMENT

Contract Awards

Upon request of the Board, a bidder whose Tender is under consideration for the award of a contract shall promptly submit satisfactory evidence of financial resources, experience of the organization and its staff, and equipment available for the performance of the contract. In addition, a technical question and answer interview may be conducted, if deemed necessary to clarify or verify the Bidder's Tender and to develop a comprehensive assessment of the Tender.

The award of any Bid or any part thereof, will be made in writing and may be subject to the successful bidder entering into a contract that is satisfactory to the Board. Provided however, and it is expressly understood and agreed, that upon the acceptance of the Bid by the Board, the said Bid shall, with the said conditions, specifications and form of Bid constitute a valid and binding contract. The Board must obtain the supplier's signatures before obtaining the designated Board's signature. The contract must be finalized using the form of agreement/contract that was released with the procurement document. If it appears to the Board that the Tender will be adversely affected because timely signing of a contract acceptable to the Board will not take place, the Board reserves the right to award the contract to the next ranked qualified bidder. Appropriate terminology regarding cancellation/termination clauses, vendor debriefing notification and protocol, dispute resolution process and arbitration are contained within Bid specifications and terms and conditions.

~~For procurements valued at \$100,000 or more, results will be posted in the same manner as the procurement documents were posted.~~

A Purchase Order will be issued upon formal award.

Unsuccessful bidders will be provided with the name of the successful bidder(s), start and end dates including any options for extension. Any information provided must comply with MFIPPA.

Contract Type

Fixed price: A fixed price contract is a contract that has a set fee for a specific scope of work to be completed, which can include the completion of a specific deliverable or deliverables. When deciding to use a fixed price contract, the organization must consider the level of scope detail that has been developed. The more well defined the scope and the requirements, the lower the risk of using a fixed price contract for the Board. Using a fixed price contract with a scope that is not well defined contains risk for the Board because items may be deemed out of scope and thus results in costly change orders. If using a fixed price contract for a specific deliverable or deliverables, the Board must understand the desired outcome of the work being completed. One advantage of a fixed price contract is that the cost of the procurement is known in advance.

Time and material: A time and materials contract identifies work to be paid based on units of time spent on the procurement. These time units are typically in the form of daily or hourly rates for the amount of time and materials used by the resources assigned by the supplier. If the Board does not have a well-defined scope of work, a time and materials contract may be the only option. The Board must monitor the hours spent during a time and materials contract to ensure that the procurement does not exceed the budget.

Cost reimbursable: A cost reimbursable contract is a contract where the Board agrees to reimburse all of the costs incurred by a supplier in the completion of the work identified. Typically, the Board will pay an additional fee on top of those costs to represent the supplier's profit. This additional fee can be calculated as a percentage of the costs incurred or as a flat fee on top of the costs incurred.

A combination of the contract types above can also be used, depending on the requirements being contemplated.

Note: The Board must include proper cancellation or termination clauses in all contracts.

The term of the contract agreement and any options to extend must be set out in the procurement documents (Bid documents). Changes to the term of the contract may change the procurement

value. Prior written approval by the appropriate approval authority is necessary before changing contract start and end dates. Extensions to the contract beyond what is set out in the procurement document are considered non-competitive procurements and the Board must seek appropriate approval authority prior to proceeding.

Contract Management

Procurements and the resulting contracts must be managed responsibly and effectively.

Payments must be made in accordance with the provisions of the contract. All invoices must contain detailed information sufficient to warrant payment. Any overpayments must be recovered in a timely manner.

Assignments must be properly documented. Supplier performance must be managed and documented, and any performance issues must be addressed.

Service type contracts will be managed as follows:

- Establish clear terms of reference for assignment. The terms will include objectives, background, scope, constraints, staff responsibilities, tangible deliverables, timing, progress reporting, approval requirements and knowledge transfer requirements.
- Establish expense claim and reimbursement rules compliant with the Broader Public Sector Expenses Directive and ensure all expenses are claimed and reimbursed in accordance with these rules.
- Ensure that expenses are claimed and reimbursed only where the contract explicitly provides for reimbursement of expenses.

JH. COOPERATIVE PURCHASING

Under the direction of the Director of Education, or their designate, the Board shall explore cooperative purchasing with other school boards and other units of government or their agencies of public authorities, or utilize a “~~piggy-back~~ on-board clause” to existing ministry or government service contracts or other cooperatives, whenever the best interest of the Board will be served.

KI. DISPOSAL PROCEDURES

The following shall apply for disposal of surplus equipment:

1. Any property belonging to the Board and declared surplus to its particular use by the respective member of Senior Staff, Principal or ~~Manager~~ Administrator shall be disposed of by means of public auction, tender or quotation or released to a charitable organization by the Purchasing/Supply Chain Management Department and documented accordingly.
2. The ~~Manager~~ Administrator of Purchasing/Supply Chain Management shall have the authority to sell, exchange, or trade-in all goods declared surplus to need, and where it is cost effective and in the best interest of the Board to do so.
3. If it is determined that a higher return of net disposal costs can be achieved by sale of surplus Goods to the original vendor or vendors in that line of business, the ~~Manager~~ Administrator of Purchasing/Supply Chain Management shall negotiate to sell such Goods at the highest return.
4. Where it is deemed appropriate by the ~~Manager~~ Administrator of Purchasing/Supply Chain Management and/or the respective member of Senior Staff, Principal or ~~Manager~~ Administrator, a reserve price may be established and, in the case of disposal by Tender, published and disclosed; and in the case of auction or quotation, shall be used as an internal estimate and not disclosed.

5. The Board will utilize an Arbitration clause within bid documents as follows: Any dispute between the parties arising out of or relevant to the Bid which cannot be resolved by the parties shall be referred to mediation for mandatory Alternative Dispute Resolution, and a Mediator shall be selected from the list of approved Mediators of the Ontario Court (General Division), and such mediation is to take place within thirty (30) days of such referral. Any dispute between the parties which cannot be resolved by such mediation shall be settled and determined by any Court of competent jurisdiction, provided however, that the Board reserves the right to submit such dispute for settlement and determination by arbitration pursuant to the Arbitration Act of Ontario (the "Act") in which case the following provisions shall apply. Either party may at any time give written notice to the other of its desire to submit such dispute to arbitration stating with reasonable particularity the subject matter of such dispute. In the case of the vendor giving notice to the Board, if the Board does not consent to submitting such matter to arbitration, the vendor may refer such matter to a court of competent jurisdiction. If the Board generates the notice, or if the notice is generated by the vendor and consented to by the Board, then the following provisions shall apply. Within five (5) business days after receipt of such notice, the parties shall appoint a single arbitrator with appropriate experience to determine such dispute. If the parties fail to appoint an arbitrator, either party may apply to a Judge of the Ontario Court (General Division) to appoint an arbitrator to determine such dispute. The costs of arbitration shall be paid by the party as determined by the arbitrator, which jurisdiction shall include the determination of the costs to be paid by the unsuccessful party. The award of the arbitrator shall be final and binding upon the parties. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction and enforced in the normal course.

Major Irregularity

A deviation from the Bid request which affects the price, quality, quantity, or delivery and is material to the award. The ~~Manager~~ **Administrator** of Purchasing/Supply Chain Management must reject any Bid which contains a major irregularity.

~~Major Irregularity—Automatic Rejection~~

~~Failure to meet any of the following requirements constitutes a major irregularity:~~

- ~~• The Bid must be received in the manner prescribed by the applicable Bid document and time stamped by the Reception staff in the lobby by official bid closing time.~~
- ~~• Price related information must be non-erasable, i.e. completed in ink, marker, etc.~~
- ~~• Bid surety must be submitted with the Bid when the Bid request (or any addenda) indicated that such surety is required.~~
- ~~• Proof of authority to bind the bidder must be evident in the submission when the Bid request (or any addenda) indicated that such proof is required.~~
- ~~• Bid surety must be in the form specified in the Bid request or in a form providing equivalent or greater financial security for the Board.~~
- ~~• Amount of Bid surety must be no less than the amount indicated in the Bid request when a dollar amount is specified.~~
- ~~• Bid or performance bonding company must be licensed to conduct business in Canada and in the Province of Ontario.~~

- ~~• Bidders must attend site meetings if such attendance is identified in the advertisement and Bid request as mandatory.~~

~~— Note: The above lists of irregularities are not to be considered all inclusive. The Manager of Purchasing/Supply Chain Management, after consultation with the originator, may reject a Bid based on an irregularity not listed, but considered major. Bidders whose Bids are rejected due to a major irregularity will be notified by the Manager of Purchasing/Supply Chain Management or designate prior to any Bid award.~~

Minor Irregularity

A deviation from the Bid request which affects form rather than substance, providing the effect on the price, quality, quantity or delivery is not material to the award. If the deviation is permitted or corrected the bidder would not gain an unfair advantage over competitors. The ~~Manager~~**Administrator** of Purchasing/Supply Chain Management may permit the bidder to correct a minor irregularity. (Substantial compliance or strict compliance).

~~Minor Irregularity—Bidder may rectify~~

~~Failure to meet any of the following requirements constitutes a minor irregularity. The Manager of Purchasing/Supply Chain Management will notify the bidder and ask that the deviation from the Bid request be rectified within a specified time (usually two working days from the time of notification). If the information is not provided within the specified time, the Manager of Purchasing/Supply Chain Management may reject the Bid.~~

- ~~• Agreements to provide surety must be submitted with the Bid when the bid request indicated that such agreements are required.~~
- ~~• The authorized signatures and corporate seals of both the bidder and the bonding company must be supplied on the Bid bond forms and agreements to bond.~~
- ~~• All changes to information contained in the Bid document must be initialed by an authorized representative of the bidder.~~
- ~~• Technical specifications documents must be completed and submitted with the bid when specified in the Bid request.~~

~~NOTE: The above lists of irregularities are not to be considered all inclusive. Minor irregularities not listed will be reviewed by the Manager of Purchasing/Supply Chain Management in consultation with the originator. The Manager of Purchasing/Supply Chain Management may then accept the Bid or request that the bidder rectify the deviation.~~

Mathematical Errors: Rectified by Staff

Errors in mathematical extensions and/or taxes will be corrected by the ~~Manager~~**Administrator** of Purchasing/Supply Chain Management and the unit prices will govern.

VOLUNTEERING IN CATHOLIC SCHOOLS POLICY

STATEMENT OF POLICY

In keeping with the Mission, Vision and Values of the Niagara Catholic District School Board, the Board has the responsibility to provide a safe and secure working and learning environment for all students and employees.

A school volunteer is defined as an individual who has direct and regular contact with students of the Niagara Catholic District School Board.

Volunteers are integral to the success of all schools in the Niagara Catholic District School Board and as such are important sources of support and expertise that enrich the instructional program, assist teachers, and connect the student body with the community. Volunteers are valued partners who assist staff in fostering positive relationships and cooperation amongst the school, parents/guardians, the parish and the school community for the benefit of our students.

The personal interests, background and commitment of volunteers enhance the programs, services and education opportunities for our students. Each volunteer will model caring and cooperative relationships, promote our Catholic values, encourage a safe and secure learning and working environment and support the Mission, Vision and Values of the Board and its Policies and Administrative Procedures.

It is the expectation of the Board that all volunteers adhere to Board Policies and Administrative Procedures at all times when volunteering for the school and/or Board events or activities.

In accordance with the Safe Schools Act, all volunteers must be approved by the school Principal. The Principal is authorized by the Board “to assign to a person who volunteers to serve without remuneration such duties in respect of the school as are approved by the Board and to terminate such assignment as required”. (*Safe Schools Act, 2000*)

Through this Policy the Board encourages and promotes the use of Principal approved school volunteers in order to expand and enhance parental and community involvement within our Catholic schools.

The Director of Education will issue Administrative Procedures for the implementation of this policy.

This commitment is shared with the Special Education Advisory Committee of the Niagara Catholic District School Board. Service Delivery Model The model of special education program and service delivery is rooted in a seamless approach to serving students with special education needs from entry in Kindergarten to exit upon graduation.

The Student Support Department is committed to adhering to the 2007 Ministry of Education direction under PPM 140 that states School Boards must offer students with Autism Spectrum Disorder (ASD) special education programs and services, including, where appropriate, special education programs using ABA (Applied Behaviour Analysis) strategies. PPM 140 also supports that ABA may be effective for students with other special education needs. <http://www.edu.gov.on.ca/extra/eng/ppm/140.pdf>

ABA as an effective approach for supporting students

ABA is the applied use of behavioural principles to everyday situations with the goal of either increasing or decreasing targeted behaviours. How this translates into practical application will depend on the specific situation. Nevertheless, all ABA programs share similar components: explicit teaching, programming for generalization to the natural environment, reinforcement, prompting and fading strategies, and outcome-based decision-making.

Why use ABA?

- Best practice- evidence based interventions
- Only evidence-based intervention for individuals with ASD
- Research supports the use of ABA for children and adults
- Strategies are applicable across people and settings
- It works for everyone, regardless of skill level or diagnosis (or lack of diagnosis), which promotes inclusivity and individualization of programming
- **The use of positive reinforcement promotes engagement of learners, and increases skill set, thus fostering independence.*

Capacity Building for School Staff Utilizing Behaviour Skills Training (BST) Model

Behaviour Skills Training (BST) teaches a person what to do — that is, what behaviors to engage in under a particular circumstance. It allows for practice within the program so that the person can become

fluent with the skills. It is an effective train-the-trainer procedure. And perhaps most importantly, can be individualized to each person.

Behaviour Skills Training Steps:

Instruction – Provide a description of the skill, its importance or rationale, and when and when not to use the skill. Repeat this step as necessary.

Modeling – Show your participant how to perform the skill. In-vivo modeling is recommended.

Rehearsal – Practice, practice, and practice! Allow the participant opportunities to practice the skill. Recent research suggests that participants should be able to practice in-situ. The trainer should record data on correct and incorrect responding during this step.

Feedback – The trainer should provide positive praise for correct responding and some form of corrective feedback for incorrect responses.

UPDATE JANUARY 31, 2020

Niagara Catholic has in previous years closely monitored our absenteeism results to understand the challenges associated with replacement of staff and continuity of staff in our schools.

The chart below indicates the number of illness occurrences for all staff as at January 31, 2020.

	2016-2017	2017-2018	2018-2019	2019-2020
Year to date	10,892	12,262	13,407	10,809
Month of January	2,136	2,484	2,482	2,301

We are trending slightly lower than the 2018-2019 school year and are not experiencing as many non-filled positions due to illness. The annual year-to-date reduction in replacement costs for all staff is approximately \$400,000 less than the 2018-2019 school year.

The year-to-date snow plowing and salting is trending at approximately \$200,000 less than the 2018-2019 school year.

The 2019-2022 central collective agreement between the Crown, Ontario Catholic School Trustees' Association and Canadian Union of Public Employees (CUPE) included additional investment of funds for Niagara Catholic. Local discussions have begun between Niagara Catholic and CUPE's local representation to strategize the deployment of additional support to our schools.

The local priority investment will result in additional staff to support our children with special needs and other support staff in specific areas to meet the needs of our students and support staff. This priority funding will be launched upon ratification of our local agreement and the investment of approximately \$1,074,506 will be spent within the 2019-2020 fiscal year.

Provincial Local Priorities Fund

The CUPE central agreement secured a provincial investment of approximately \$78 million for each year to create and protect up to 1,300 jobs for the province of Ontario.

Some local investment has been reinstated and a new investment for worker protection has been included in the new priority funding allocation to school boards.

The local priority funding for Niagara Catholic is as following:

- i) Special Education Staff Amount reinstated - \$535,724
- ii) Other Staffing Amount reinstated - \$445,648
- iii) Community Use of Schools Investment reinstated - \$8,288
- iv) Education Worker Protection Fund *New - \$84,846

Ministry Update

2020-2021 Education Funding Feedback

As you may be aware, this year's Grants for Student Needs (GSN) is projected to be \$24.66 billion – representing a historic, high level of investment for Ontario's publicly funded education system. In addition, \$330 million is being provided for the Priorities and Partnerships Fund (PPF).

The ministry is welcoming feedback on all areas pertaining to education funding, with a particular interest in receiving comments on initiatives that could support reducing red tape and administrative burden for the education sector.

January 28, 2020

Design of System Priorities and 2020-2021 Budget

The new calendar year may have just begun, but Senior Staff have already begun looking at the 2020-2021 school year. The Board of Trustees and Senior Administrative Council have begun the process to design the 2020-2021 System Priorities and the annual budget. The Director and Senior Administrative Council remain committed to two fundamental principles in preparing for the annual System Priorities and budget considerations:

- Providing Catholic educational excellence through programs and services for all students; and
- Achieving the Vision 2020 Strategic Plan and Annual System Priorities through balanced and financially stable annual budgets

The Board follows a collaborative consultation and decision-making process from January through May, finalizing the System Priorities. Meetings will take place throughout the system this winter and spring, to have completed System Priorities and budget in May. The schedule is listed in section 6.1.1 in the January 28 Board Meeting agenda.
