NOVEMBER 2024

FROM THE PRINCIPAL'S DESK

Called by Name: "Come, Follow Me"

What does it mean when we "follow" someone on social media? When we do this we are saying we want to know more about them, to see how they live, how they act, what they say. But what we see on social media isn't always reality. It's often hidden behind filters, edits, and multiple takes. What if instead of "following" in this way, we choose to follow someone who only shows us what is real and what is true? Jesus is calling us to follow Him, to live our lives according to the Gospel and to share His love with those around us. So the question is, who will you choose to follow today?

We also approach an important time in our calendar year—a time set aside specifically to recall and acknowledge those who have devoted their careers and often their lives to protect the liberties and freedoms that we share in Canada. Let us never forget to honor those who fought nobly so our country could experience peace and justice and share it with the world. Let us also remember those who have devoted their careers and lives to protect this great country that we are lucky to call home.....Canada.

Sincerely,

Mr. M. Venzon

Head Lice

Students are now back into the swing of things and spending lots of time with friends and classmates during school and after school. Lice can spread regardless of a student's age. Head lice are spread by direct head-to-head contact or by sometimes sharing items like combs, brushes, hats, pillows, etc. Anyone can get head lice; it's not a sign of poor personal hygiene or an unclean environment.

Check out School Health's new webpage on head lice for more information: [Head Lice - Niagara Region, Ontario](#)

EpiPen® and Auto-Injectors

During the school day, your child will be in contact with many staff members and other children, moving around to different locations inside and outside. Remember to check if your child's EpiPen® Auto-Injectors are up to date (not expired).
