WORLD
AUTISM
DAY

APRIL 2ND
2025

World Autism Awareness Day

Every April Autism Speaks celebrates [World Autism Month](#), beginning with the United Nations-sanctioned World Autism Awareness Day on April 2. This year marks the 18th annual World Autism Awareness Day.

Throughout the month, we focus on sharing stories and providing opportunities to increase understanding and acceptance of people with autism and fostering worldwide support.

Autism Spectrum Disorder (ASD), or autism, is a neurodevelopmental disorder that impacts brain development. The result is that most individuals experience communication problems, difficulty with social interactions and a tendency to repeat specific patterns of behaviour. They may also have a markedly restricted range of activities and interests.

Parking Lot Safety

We ask that you exercise extreme caution when driving in our very busy parking lot, especially during the morning and at dismissal at the end of the day.

Please "Kiss and Drive" so your vehicle is not blocking the arriving busses. Parents are encouraged to use the East parking lot to pick up or drop off students. Please help us to continue to keep all children's safety as it is our most highest of priorities. Together we can continue to keep our children safe.

Medical Information Updates

If your contact information or your child's medical information changes, please inform us at your earliest convenience.
